ACTIVITY 2: Messaging. (10 min.)

Directions: The mission of Richland is to improve student learning in our schools by strengthening our talent pipeline. (i.e., teacher leader, mentor teacher, content leader) Many students in Louisiana are not proficient in key subject areas like mathematics and reading. What role can a teacher leader play in improving K-12 student learning and achievement in Richland Parish? Review Activity 1 and include one to two essential messages that you believe a teacher leader should communicate to teachers in their building and community at large.

A large, empty rectangular box with a thin black border, intended for the student to write their response to the activity directions.
