Mangham Junior High School
School Choice Information
February 16, 2021

Dear Parent and/or Guardian:

Federal law requires school districts to offer families in schools that have been identified as a “school in need of improvement” the chance to transfer their children to other public schools in the same district. Your child’s school has been identified as a “school in need of improvement” and you are allowed to choose to enroll him or her in another school. To help you understand how the choice program works, here are some answers to questions you may have.

Why was Mangham Junior High School identified as a “school in need of improvement” and how does it compare to other schools in Richland Parish and other schools in Louisiana?

According to Louisiana State guidelines, Mangham Junior High School has been deemed a school in need of improvement, with a letter grade of “D”. This letter grade is based on the school data from the 2018-2019 school year.

What is Mangham Junior High School doing to address the problem of low achievement, and what are the school system and the Louisiana Department of Education doing to help them address the problem?

- Staffing with highly qualified teachers
- Effective professional development programs for all instructional staff based on best practices targeting student engagement and academic success
- Positive Behavior Intervention Support (PBIS) for students
- Tier I (state approved) curriculum that is aligned with the Louisiana Standards in Math and ELA in all grades
- Computer labs and programs are used to provide technology access and to provide remediation opportunities including text to speech and read aloud programs
- Instructional coach is working with teachers daily to ensure effective instruction
- Provide opportunities for students to participate in Job for America’s Graduates (JAG)
- JCALL to alert parents of students being absent or tardy to school/class

How can I become involved in addressing the problems that cause Mangham Junior High to be identified as a school in need of improvement? Families are encouraged to arrange a private conference with their child's teachers to discuss ways to improve academic performance. Families are also invited to participate as members of the School Improvement Team at Mangham Junior High School. The School Improvement Team is a group made up of the principal, teacher and parents that work to improve the education and overall learning experience for all students at Mangham Junior High School. Even if a family member does not serve as a member of the School Improvement Team, he or she may attend meetings of the team to discuss possible changes in any area of instruction to improve Mangham Junior High School.

Do I have to transfer my child to another school? No. We are providing families with this opportunity as an option. The decision is entirely up to you, so you should base your decision on **what you think is best for your child**. If you choose to have your child attend school at Mangham Junior High School, continue with the registration process as required. If you do choose to transfer your child to the new school, he or she **must remain there for the full school year. Once Mangham Junior High School becomes academically acceptable, students will return to Mangham Junior High.**

To which schools may my child transfer?

Under the School Choice Program, students at Mangham Junior High School may choose to attend Holly Ridge Elementary School. Please note that the letter grades listed are from last year. If you choose to have your child attend Holly Ridge Elementary School, please place a check (✓) by Holly Ridge Elementary School on the enclosed choice form. This school has a higher School Performance Score than Mangham Junior High School.

What if I choose to have my child continue to attend Mangham Junior High School?

You would continue to send your child to Mangham Junior High School as registered.

Is my child guaranteed a place in an accepting school?

Every effort will be made to give parents their first choice if requesting a transfer. However, it is possible that your child may not be granted enrollment in your first school of choice. Students will be granted enrollment in a school based upon **enrollment limits, individual achievement scores, and income levels as prescribed by the Every Student Succeeds Act (ESSA).**

Will my child be eligible to participate in extra-curricular activities in the new school?

Your child will be eligible to participate in extra-curricular activities at the school.

How will my child get to a receiving school?

If your transfer application is approved, your child will have free transportation to the receiving school. Transportation will be provided by Richland Parish School Board. Should your child become ill and need to go home early, parents must provide transportation home. Transportation will not be provided for the child to attend activities before or after school such as

extra-curricular activities or for parents to attend parent meetings and evening programs.
Bus pick-up could be as *EARLY as 5:45 AM*. Return home could be as *LATE as 5:00 PM*.
