CONNECTING FAMILY, SCHOOL, AND COMMUNITY

A HANDBOOK FOR FAMILIES

2023-2024

CONNECTING FAMILY, SCHOOL, & COMMUNITY FOR OUR CHILDREN'S FUTURE

Parents have a responsibility to participate actively in helping their children prepare for a career. They can get an early start by encouraging good study habits, monitoring homework, nurturing creativity, curiosity and confidence. Improvement in a child's education is achieved when parents work together with teachers and schools to ensure the best possible education for their child.

When children are young, it seems so far away to talk and think about their future, but the years pass rapidly. Attitudes, behaviors and habits acquired in the early years, form the base for the competencies that children will need in tomorrow's world.

Every child is entitled to know what it takes to succeed in the world. Parents play a major role in teaching effective communication, problem solving, and self-discipline. Research shows that programs designed with a strong component of parent involvement produce students who perform better than those who have taken part in otherwise identical programs with less parent involvement.

As children grow beyond the elementary grades, parents may underestimate their essential roles in education. Parent involvement drops off drastically as children move into higher grades. Even at the high school level parents play powerful roles in helping their sons and daughters to become more engaged, better-motivated learners and workers.

Educating students about the importance of developing good academic and study skills is an important component of building their lives. Parents have the responsibility to see that their children are prepared to make a smooth transition from school to a successful future in life.

This handbook is designed as a practical resource for parents looking for assistance in helping their children to become productive members of society.

Richland Parish ESSA, Title I Family Engagement Program Philosophy

We believe that education is a continuous process of learning and living, and that parents are a child's first and most important teacher.

We believe that parenting is probably the most joyful job a parent will have; also the toughest because it takes time, attention, patience, and strength, but most of all, it takes love.

We believe that even though there is no prescription for parenting, it is important to learn parenting skills that will ensure the best possible development of the child's physical, emotional and intellectual needs, and be better prepared to deal with the trials and triumphs of child rearing.

It is our belief that the main sources of help for parents are the school system and community. By working together, they can assist parents in learning how to discuss, explain, and be objective in developing a nurturing and positive attitude in themselves and their children.

Richland Parish School System Family Handbook 2023-2024

I. Introduction

Richland Parish School System Mission Statement

The mission of the Richland Parish School System is to increase the academic achievement and workforce skills of all students while preparing them to be responsible and productive citizens through focused teamwork among educators, parents, community members, and students.

Belief and Assumption Statements

The Richland Parish School System and members of the community believe that each child is an individual of great worth and is entitled to develop to his/her fullest potential. Achieving respect for self, for others, and for the values inherent in a democracy is an essential ingredient in the development of the individual. Enthusiasm for life, good health, and a love of learning should be fostered in a safe, secure, stimulating environment. The Richland Parish School Board and the community share the responsibility for providing:

1. An opportunity for each student to progress academically and to achieve workforce skills.
2. A chance for each child to use technology to acquire and share information in an ethical manner.
3. Experiences that will encourage the development of responsibility and respect among all students to foster their citizenship at home, in school, and in the community.
4. Opportunities for cooperation and teamwork among educators, parents, community members, and students in meeting the school system's goals and objectives.

Goals

Richland Parish Schools will:

1. Teach the skills and content required for grade-level competency in all subjects while addressing the individual needs of all students.
2. Provide learning experiences that prepare students to become productive citizens and active community members.
3. Provide safe, secure environments on each school campus.
4. Through focused teamwork, encourage participation and involvement of parents and other community members in the educational programs of the parish.

Non-discrimination Statement

The Richland Parish School System adheres to the equal opportunity provisions of federal civil rights laws and regulations that are applicable to this agency. Therefore, no one will be discriminated against on the basis of race, color, or national origin (Title VI of the Civil Rights Act of 1964); sex (Title IX of the Education Amendments of 1972); disability (Section 504 of the Rehabilitation Act of 1973) in attaining educational goals and objectives and in the administration of personnel policies and procedures. Anyone with questions regarding this policy may contact the Richland Parish School Board at 728-5964, 411 Foster Street, Rayville, Louisiana 71269.

Responsibilities of the Principal

Principals are the instructional leaders of the school. Principals' responsibilities include:

1. Maintaining a vision that is communicated to students, employees, and parents/guardians for school improvement.
2. Ensuring that all classes are covered if a teacher is absent.
3. Managing fiscal resources in a responsible manner.
4. Serving as the building administrator.
5. Coordinating and ensuring supervision at all extracurricular or after school activities.
6. Being available for parent/guardian conferences.
7. Identifying ways to include parents/guardians and community representatives in the school in a productive manner. Remember: As goes the principal, so goes the school.

Responsibilities of the Teacher

Teachers have the responsibility of creating an environment that promotes student involvement in the learning process. They cannot do this without the cooperation of students and their parents/guardians.

Below are the responsibilities of teachers:

1. Plan lessons that address student achievement.
2. Follow classroom management policy and procedures set forth in the school's teacher handbook and *The Richland Parish Policy Manual*. Students are not to be placed in the hallway for extended times due to behavioral problems. On minor infractions, write the office referral prior to sending the student out of class.
3. In a timely manner, usually defined as – days after the event, inform parents when their child is violating school policies or not completing work. This may be communicated through a letter or a telephone call.
4. Speak to students and parents in a professional manner. Teachers must model the appropriate behavior that we want our students to exhibit.
5. Maintain a grade book that accurately reflects grades that are assigned on progress reports or report cards.
6. To be available for parent/guardian conferences during planning periods or before or after school at a time that is convenient for the parent/guardian and the teacher. The principal or counselor may be present during conferences.
7. Complete activities identified on the School Improvement Plan.

Student Expectations

The Richland Parish School System has the following expectations of all its students:

1. To be on time. Students are required to have 63,720 instructional minutes each year.
2. Come to school for the purpose of learning. Students should not have any other agenda.
3. Complete classroom and homework assignments and turn these in to the teacher at the designated time.
4. Observe policies set forth in the student handbook and *The Richland Parish Policy Manual*.
5. Remain in class the entire class period or school day unless you are ill. There are ample opportunities for students to go to the restroom outside of class. Any medical issues will be addressed by the administration when proper medical information is submitted.
6. Respect self and others.
7. Keep head up and pay attention in class. Do not sleep in class.

8. Do not harm another student or any school employee.
9. Do not use, possess, or distribute alcohol or other illegal drugs.
10. Do not talk in class to friends about issues other than the topic of study. Do not pass notes.
11. On the school bus, sit in assigned seat, and only stand up at his/her stop.
12. Report any harassment immediately to (a) teacher or (b) principal. If the student does not want this to be a verbal conference, write the information down and give to one of the above individuals on the day that the harassment occurs.

Parent/Guardian Responsibility

The support of student learning from parents/guardians is crucial to a student's success. Some identified responsibilities include:

1. Go over the school's handbook with your child to ensure that he/she is well aware that you support these rules. Talking negatively about teachers, principals, and school policies in front of and to students only leads to students becoming confused, frustrated, and uncooperative in school.
2. Ensure that your child is at home early on school nights and gets plenty of rest.
3. Ensure that the school has current telephone numbers and addresses.
4. Send your child to the school where he or she is zoned to attend unless you have permission from the school board at the beginning of the school year to attend another school.
5. Continually monitor your child's behavior, completion of homework, and dress.
6. Do not support your child if he or she violates a rule. Schedule a conference to discuss the issue with the person who identified the violation as he/she should have the pertinent information.
7. Speak to teachers, principals, and school employees in a tone and with words that you would want used when being addressed. Persons who use profanity or attempt to intimidate school employees or students will be asked to leave the campus, and may be subject to arrest.
8. Follow the protocol included in this handbook to handle concerns regarding your child.

C. Notwithstanding anything to the contrary, a public school shall not be required to release any records or information regarding a student's medical or health records or mental health counseling records to a parent during the pendency of an investigation of child abuse or neglect conducted by any law enforcement agency or the Department of Children and Family Services where the parent is the target of the investigation, unless the parent has obtained a court order.

Scheduling Conferences with Teachers, Principals, and the Superintendent

When you have a concern, you are encouraged to contact the administration at the school. We request that you phone the school to schedule a conference. Please identify times that are convenient for you. The same consideration should be extended to the teacher and the principal. A mutual time is to be agreed upon. While making the initial telephone call, state the nature of your concern. Please keep in mind that teachers are charged with teaching students during specified times. Also, many teachers have children for whom they must make arrangements before and after the school day.

Principals are not always available to see visitors who come to the school. As part of their duties, principals must observe and evaluate employees at a specific time. Principals must also attend meetings at the Central Office. Additionally, many principals also have family responsibilities. If we are to have successful partnerships, we must respect each other. The superintendent has responsibilities at the local and state level. He is open to meeting with individuals who have followed the Richland Parish protocol for addressing concerns. There are approximately 400 employees and 3,000 students in our system. There are laws that govern the amount and the type of information that can be shared with the public related to students and employees of the system. Among the topics that fall in this category, please be aware that he cannot legally discuss an employee's credentials, make public any disciplinary action against an employee, or discuss a student with anyone who is not the legal guardian unless the legal guardian gives permission in writing.

To protect the confidentiality of all students, parents or guardians are not allowed to view recorded video footage from Richland Parish School Board surveillance cameras (i.e. school building, bus, grounds, etc.)

Services

It is not easy to rear children in these times. However, many supportive agencies are willing to assist parents and guardians with concerns/issues regarding the children in their care. Some of these include:

1. School Building Level Committee (SBLC) is a committee at each school composed of knowledgeable educators who meet as needed to discuss academic, behavioral, or medical concerns of students. Parents/guardians are encouraged to attend the meeting pertaining to their child. If you need assistance from this committee, contact your school principal;
2. Families in Need of Services (FINS) is a very helpful service with students who continually violate school and home expectations;
3. Richland Parish has trained psychologists and school counselors who can assist teachers and parents/guardians in developing a behavior management plan for students who are continually committing school violations;
4. We are fortunate to have many faith-based groups with adult male and female representatives who are willing to ensure that our students are engaged in wholesome activities instead of illegal activities;
5. Richland Parish School Truancy Officer is an individual who has received training in working with students who choose not to attend school or who do not follow school policies. He also works with students to find programs/activities that will assist them in changing their behavior and ensuring that they become productive citizens; and
6. Richland Parish has a Family Engagement coordinator who can be reached by calling (318) 728-5964.

Residency Verification

In order to enroll in a Richland Parish School, each student must provide three of the following six documents to verify his or her address:

- | | |
|----------------------|--|
| (1) rent receipt; | (4) homestead exemption; |
| (2) income tax form; | (5) voter registration identification; |
| (3) utility bill; | (6) automobile registration; |

Verification shall include a determination that (a) the student actually resides at the stated address; and (b) the student's address is in the appropriate zone.

Actual residence means that the student's family cooks, eats and sleeps in a specific residence during every day of the week. Any student who does not meet these criteria shall not be entitled to enroll at that school.

Richland Virtual Academy

The Richland Virtual Academy (RVA) is a program within the Richland Parish School District. It is accessible to all registered students within the district. The Virtual Academy is a fully online instructional program intended to be a highly independent, self-motivating work from home program. All K-5 instruction delivery is via the Schools PLP Platform. All 6-12 instruction delivery is via the Edgenuity and Edynamics Platform. Each student will have an RVA teacher, to the greatest extent possible.

Student learning in RVA will be both synchronous (students are face-to-face with the teacher via Google Meet) and asynchronous (students are working independently on coursework assignments via the Edgenuity, Edynamics, or Schools PLP platform). The total time spent in both synchronous and asynchronous learning, although flexible, will be comparable to core content instructional time in a traditional classroom.

The RVA learning option is subject to the rules and regulations of the Louisiana Department of Education and Richland Parish Schools. RVA follows Richland Parish Schools' calendar for test dates, holidays, and grading periods; however, RVA courses may start or end within a two-week window of Richland Parish Schools start and end dates.

ATTENDANCE ZONE REQUIREMENTS

The Richland Parish School Board shall have authority and responsibility for the assignment, placement, transfer, and continued education of all students attending schools within its jurisdiction. The School Board shall require a student to attend the appropriate school as determined by the domicile of the student or the parent, legal guardian, or if he/she is eighteen years old or has been emancipated by a court order, by the student's own domicile. Exceptions to this provision include approved transfers.

Legal custody is defined as the legal status created by a court order which establishes in a custodian the right to have physical custody of the child or minor. The school principal or his/her designee shall be responsible for monitoring the school enrollment list and shall immediately terminate and/or transfer an unauthorized student.

Any child temporarily residing within the district who has no permanent address, or who has been abandoned by his/her parent, or who is in foster care, shall be enrolled and allowed to attend school in the zone appropriate to the special circumstance of the child. Surrogate parents may be appointed when appropriate for special needs students.

VERIFICATION OF DOMICILE

The School Board shall require three (3) documents of verification of domicile of students for the attendance zone of the school the student is attending. When investigating the domicile of a student, the principal shall verify the primary place of residence of the legal parent or legal guardian. Such verification of domicile shall be based on three (3) such items as the following:

1. Voter registration card of parent or custodian, or
2. Property tax statement of parent or custodian showing homestead exemption, or
3. Certified copy of any judicially ordered tutorship, custody or guardianship of any minor child student not domiciled or in the custody of their natural and/or legal parents. Verification of the physical residency of the legal custodian, tutor/tutrix or nonparent shall also be required, or
4. Rent receipt, deed of property, record of payment toward loan,
5. Any other documentation as may be stipulated by the School Board.

TRANSFERS FOR OPEN ENROLLMENT

A student who desires to attend a school outside of his/her zone of residency may apply for a transfer to another grade-appropriate school in another zone, which transfer will be granted with the following conditions:

1. Student transfers are accessible for grades K-8 only. Therefore, transfer applications will not be received or processed after a student's spring semester in 7th grade.

2. The student and/or his/her parent/legal guardian/custodian shall be responsible for transportation to and from the schools within the receiving zone;
3. The student's application is received on or before the deadline set by the Superintendent;
4. Capacity is available within the grade-level at the receiving school;
5. The receiving school zone will be the student's home school zone for all purposes;
6. The transferred student shall continue to be enrolled in the grade appropriate school in the receiving zone until and if a transfer back to the zone of residency is approved;
7. No transfer from the receiving school back to the zone of residency shall be available except for a subsequent school year, which application must meet the deadline requirement;
8. A student who is newly enrolled to a school will be eligible to access a transfer for the subsequent school year;
9. A student granted a transfer remains subject to the rules and regulations of the Louisiana High School Athletic Association;
10. The transfer must not violate but must be in compliance with any placement or other requirement of a student's *Individualized Education Plan* or *Section 504 Plan*.

The Superintendent shall develop an administrative procedure which provides for the efficient, effective, and equitable implementation of this transfer policy.

CHILDREN OF EMPLOYEES

A student who is a child of a School Board regular employee, regardless of parish or zone of residence, may be admitted and attend school at the grade-appropriate school within the feeder-zone of the school in which the employee is assigned but such admission and attendance shall be subject to all of the same conditions as applicable for student transfers.

ASSIGNMENT OF STUDENTS WITH EXCEPTIONALITIES

Unless the *Individualized Education Program* (IEP) of a student with an exceptionality, except a gifted and talented student, requires some other arrangement, the School Board shall require the student with such an exceptionality to be educated in the school that the student would attend if he/she did not have an exceptionality. However, if the educational needs of the student cannot be achieved satisfactorily in a regular class setting, the student may be placed in an educational environment designed to meet the appropriate needs of the student, as determined by the IEP committee.

However, a student with an exceptionality, except a gifted and talented student, shall be assigned to a school as requested by the parent, in accordance with La. Rev. Stat. Ann. §[17:1944](#), if all the following conditions are met:

1. The parent submits a written request to the School Board responsible for the student and the respective School Board having jurisdiction over the school being requested, by not later than April first of the school year preceding the school year for which the parent is requesting the school assignment. The request shall include a recommendation from at least two (2) licensed physicians who have treated the student during the year prior to the submission of the request.
2. The School Board responsible for the student and the respective School Board having jurisdiction over the school being requested by the parent enter into an agreement for the assignment of the student to the requested school.
3. The requested school is located at least ten (10) miles from the school to which the student is assigned, in accordance with applicable school attendance zone requirements.
4. The requested school is located at least fifteen (15) miles from the student's home.
5. The requested school is not located in a public school district in which fifty percent (50%) or more of the public schools in the school district are charter schools and fifty percent (50%) or more of the public schools in the school district participate in a single application and enrollment process for public school enrollment.

CLASSROOM ASSIGNMENT

Student assignments in K through 8 will be made by the principal of the school. The placement of a student shall be based on grades, achievement test scores, and participation in special programs and made in accordance with the Richland Parish Pupil Progression Plan.

High School

Selection of courses of study in grades 9 through 12 shall be made by individual students with parental approval. Assistance in planning course of study and selection of classes shall be provided by teachers, counselors, and administrators. Each student shall be furnished a schedule of classes offered and requirements for graduation. Some classes may have prerequisites for enrollment.

Multiple Siblings

In grades kindergarten through second grade, the parent of twins, triplets, etc. (more than one child at a single birth event) may request that their children be placed initially in the same, or separate, classrooms, if the children are in the same grade at the same school. Such a request shall be presented to the Superintendent or his/her designee no later than fourteen (14) days either after the first day of the school year or after the first day of attendance if the child enrolls after the fourteenth day of the school year. Notwithstanding any law, rule, regulation, or School Board policy to the contrary, the request of the parent for initial placement shall be granted subject to further review.

As soon as possible after the end of the student's first grading period, the Superintendent or his/her designee shall review the initial placement of the child. If the Superintendent or his/her designee, in consultation with the school principal, the child's(ren's) teacher(s), and the parent, determines that the initial placement of the children is disruptive to the school or is not in the best educational interests of the

child(ren), the initial placement of the child shall be modified, and the child(ren) shall be placed in accordance with School Board policy otherwise applicable to the child(ren).

EQUAL EDUCATION OPPORTUNITIES (RPSBPM: JAA)

It shall be the policy of the Richland Parish School Board that the school district shall place emphasis upon the nondiscriminatory provision of educational opportunities for children and no person shall be excluded from participation in or denied the benefits of any education service, program or activity on the basis of race, color, disability, religion, creed, national origin, age, or sex. All programs offered by schools within the school district shall be open to all students in compliance with statutory and judicial requirements.

The Superintendent shall designate a member of the staff to investigate any and all complaints which may be brought against the district in regard to any alleged discriminatory action. Adequate procedures shall be maintained to provide for prompt and equitable resolution of student complaints.

EDUCATION OF STUDENTS WITH EXCEPTIONALITIES (RPSBPM: IDDF)

The Richland Parish School Board shall make available a free appropriate public education in the least restrictive educational environment to each student with an exceptionality, ages three through twenty-one, who is a resident of the geographical boundaries of the school district. Special education and related services may be provided by the School Board to eligible children with exceptionalities under three years of age. Generally, identified children shall be screened and evaluated to determine eligibility to receive special education and related services. If it is determined through the evaluation process that a child has a disability and, by reason thereof, needs special education and related services, then the child is classified in accordance with Louisiana's *Pupil Appraisal Handbook*, Bulletin 1508, and becomes eligible to receive special education services. All special education services shall be provided to eligible students with exceptionalities in accordance with the regulations outlined in *Regulations for the Implementation of the Exceptional Children's Act*, Bulletin 1706 and all other applicable federal and state regulations.

The School Board shall establish and maintain policies and procedures in accordance with federal and state laws and regulations to ensure that students with exceptionalities and their parents are provided the necessary procedural safeguards with respect to the provision of free appropriate public education by the School Board.

SECLUSION AND RESTRAINT

The School Board recognizes that, in order for students to receive a free appropriate public education, a safe learning environment needs to be provided. In doing so, the School Board also recognizes that there are circumstances in school under which reasonable and appropriate measures and techniques will need to be employed in dealing with students with exceptionalities who pose an imminent risk of harm to self or others.

The School Board fully supports the use of positive behavior interventions and support when addressing student behavior. The School Board reserves its right, however, to use physical restraint and/or seclusion

consistent with state law to address the behavior of a student with an exceptionality when school personnel reasonably believe the behavior poses an imminent risk of harm to the student or others. The School Board shall not preclude the use of physical restraint and/or seclusion performed consistent with the requirements of a student's *Individualized Education Program* (IEP) or behavior intervention/management plan.

The provisions regarding seclusion and restraint shall not be applicable to a student who has been deemed to be gifted or talented under Bulletin 1508, unless the student has been identified as also having a disability under Bulletin 1508.

Definitions

Imminent risk of harm shall mean an immediate and impending threat of a person causing substantial physical injury to self or others.

Seclusion shall mean a procedure that isolates and confines a student in a separate room or area until he or she is no longer an immediate danger to self or others.

Seclusion room means a room or other confined area, used on an individual basis, in which a student is removed from the regular classroom setting for a limited time to allow the student the opportunity to regain control in a private setting and from which the student is involuntarily prevented from leaving.

Mechanical restraint means the application of any device or object used to limit a person's movement. Mechanical restraint does *not* include: (1) A protective or stabilizing device used in strict accordance with the manufacturer's instructions for proper use and which is used in compliance with orders issued by an appropriately licensed health care provider; and (2) Any device used by a duly licensed law enforcement officer in the execution of his/her official duties.

Physical restraint means bodily force used to limit a person's movement. Physical restraint does *not* include: (1) Consensual, solicited, or unintentional contact; (2) Momentary blocking of a student's action if the student's action is likely to result in harm to the student or other person; (3) Holding of a student, by one school employee, for the purpose of calming or comforting the student, provided the student's freedom of movement or normal access to his or her body is not restricted; (4) Minimal physical contact for the purpose of safely escorting a student from one area to another; (5) Minimal physical contact for the purpose of assisting the student in completing a task or response.

Positive behavior interventions and support means a systematic approach to embed evidence-based practices and data-driven decision making when addressing student behavior in order to improve school climate and culture.

School employee means a teacher, paraprofessional, administrator, support staff member, or a provider of related services.

Documentation and Notification

The parent or other legal guardian of a student who has been placed in seclusion or physically restrained shall be notified as soon as possible. The student's parent or other legal guardian shall also be notified in writing, within twenty-four (24) hours, of each incident of seclusion or physical restraint. Such notice shall include the reason for such seclusion or physical restraint, the procedures used, the length of time of the student's seclusion or physical restraint, and the names and titles of any school employee involved.

The director or supervisor of special education shall be notified any time a student is placed in seclusion or is physically restrained.

A school employee who has placed a student in seclusion or who has physically restrained a student shall document and report each incident. Such report shall be submitted to the school principal not later than the school day immediately following the day on which the student was placed in seclusion or physically restrained and a copy shall be provided to the student's parent or legal guardian.

The guidelines and procedures regarding seclusion and restraint maintained by the Superintendent and staff shall be provided to the Louisiana Department of Education (LDE), all school employees, and every parent of a student identified with a disability under Bulletin 1508.

All instances where seclusion or physical restraint is used to address student behavior of students with disabilities under Bulletin 1508 shall be reported, in accordance with the Louisiana Board of Elementary and Secondary Education (BESE) policy, by the School Board to the LDE.

Guidelines and Procedures

The School Board shall require the Superintendent and staff to maintain adequate written guidelines and procedures governing the use of seclusion and physical restraint of students in accordance with federal and state law, as well as regulations and guidelines promulgated by BESE. The School Board shall approve written guidelines and procedures regarding appropriate responses to student behavior that may require immediate intervention using seclusion and/or restraint. The written guidelines and procedures shall be provided to all school employees and every parent of a student with an exceptionality and shall include reporting requirements and follow-up procedures, including notification requirements for school officials, notification to the student's parent or legal guardian, and reporting of seclusion and restraint incidents to the LDE.

The written guidelines and procedures shall be posted at each school under the jurisdiction of the School Board, and on the School Board's website.

Follow-Up

Following any situation resulting in the use of seclusion or restraint of a student, a *Functional Behavioral Assessment* (FBA) should be considered. If a student subject to the use of seclusion or physical restraint is involved in five (5) such incidents in the school year, the student's *Individualized Education Program* (IEP) team shall review and revise the student's Behavior Intervention Plan (BIP) to include any appropriate and necessary behavioral supports. Thereafter, if the student's challenging behavior continues or escalates, requiring repeated use of seclusion or physical restraint practices, the special education director or supervisor or his/her designee shall review the student's plans at least once every three (3) weeks.

Employee Training Requirements

The Superintendent or his/her designee shall be responsible for conducting or obtaining appropriate training programs for school personnel designed to address the use of seclusion and restraint techniques with students with disabilities. In addition, positive behavioral intervention strategies, crisis intervention, and de-escalation, as well as other procedures, may also be included in any training.

Charter Schools

Notwithstanding any state law, rule, or regulation to the contrary and except as may be otherwise specifically provided for in an approved charter, a charter school established and operated in accordance with State law, including its approved charter and the school's officers and employees, shall be subject to the School Board's policy and written procedures and guidelines regarding the use of seclusion and restraint with students with exceptionalities.

Family Education Rights and Privacy Act (FERPA)

FERPA is a federal law that prevents teachers, principals, school board members, and superintendents from discussing anything regarding a minor child's behavior or academic achievement to persons other than legal guardians - this includes other relatives. The term parent, unless otherwise specified, includes parent, tutor, guardian, or student eighteen (18) years of age or older or who is enrolled in a post-secondary institution.

Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents and students who are 18 years of age (“eligible students”) certain rights regarding conducting of surveys, collections and use of information for marketing purposes, and certain physical examinations. These include the right to:

STUDENT SEARCHES (RPSBPM: JCAB)

The Richland Parish School Board is the exclusive owner of any public school building and any desk or locker utilized by any student contained therein or any other area that may be set aside for the personal use of the students. Any teacher, principal, administrator, or school security guard employed by the School Board, having a reasonable belief that any public school building, desk, locker, area or grounds of any public school contains any weapons, illegal drugs, alcoholic beverages, nitrate based inhalants, stolen goods, or other items the possession of which is prohibited by any law, School Board policy, or school rule, may search such

building, desk, locker, area or grounds of said public school. Students shall have no expectation of privacy in use of the lockers which have been assigned to them. The acceptance and use of locker facilities or the parking of privately owned vehicles on school campuses by students shall constitute consent by the student to the search of such locker facilities or vehicles by authorized school personnel. Any student not present during the search shall be informed of the search immediately thereafter.

Any teacher, principal, administrator, or school security guard employed by the School Board, may search the person of a student or his/her personal effects when based on the attendant circumstances at the time of the search, there are reasonable grounds to suspect that the search will reveal evidence that the student has violated the law, School Board policy, or a school rule. Such a search shall be conducted in a manner that is reasonably related to the purpose of the search and the nature of the suspected offense. Such factors to be considered in determining the manner in which searches may be conducted are:

1. Age and sex of student
2. Behavior record of student
3. Need for search
4. Purpose of search
5. Type of search
6. Reliability of the information used to conduct search
7. The relative importance of making the search without delay
8. Nature and severity of problem in overall school environment

Random searches with a metal detector of a student or his/her personal effects may be conducted at any time, provided such searches are conducted without deliberate touching of the student.

Any search of student's person shall be done privately by a teacher, administrator, or security guard of the same sex as the student to be searched. At least one witness who is of the same sex as said student shall be present throughout the search. Detailed documentation shall be made of all searches. If requested, notification of the search shall be sent to the parents of the student involved.

Any vehicle parked on School Board property by a student may also be searched at any time by school officials who have reasonable grounds to suspect that the search will reveal items in violation of state law, School Board policy or school rule are contained therein. If the vehicle is locked, the student shall unlock the vehicle. If the student refuses to unlock the vehicle, proper law enforcement authorities shall be summoned and the student shall be subject to disciplinary action.

No actions taken pursuant to this policy by any teacher, principal, administrator, or school security guard employed by the School Board shall be taken maliciously or with willful and deliberate intent to harass, embarrass or intimidate any student.

Upon proper school personnel confiscating any firearm, bomb, knife, or other implement which could be used as a weapon, or any controlled dangerous substance, the principal or designee shall report the confiscation to the appropriate law enforcement officials. Any implement or material confiscated shall be retained, cataloged, and secured by the principal so as to prevent the destruction, alteration, or disappearance until such time as the implement or material is given to law enforcement personnel for disposal. Any principal or designee failing to report any prohibited weapon or confiscated material or implement to law enforcement personnel or failing to properly secure any weapon or confiscated material or implement shall be subject to appropriate disciplinary action as may be determined by the Superintendent and/or Board.

If any teacher, principal, administrator, or school security guard employed by the School Board should be sued for damages by any student, the parent of such student or by any other person on behalf of such student, based upon a search conducted in compliance with this policy, the School Board shall provide such teacher, principal, administrator, or school security guard with a legal defense thereto, including reasonable attorney's fees, investigative costs and other related expenses. In such suit, the School Board shall indemnify him/her fully against said judgment including principal, interest and costs.

If in any suit brought against any teacher, principal, administrator, or school security guard employed by the School Board, as stated above, there is a specific finding that the action of the teacher, principal, administrator, or school security guard was malicious and willfully and deliberately intended to harass, embarrass or intimidate the student, the School Board shall not indemnify such teacher, principal, administrator, or school security guard in the event a judgment for damages shall be rendered against him/her. Whenever any search is conducted pursuant to this policy, a written record shall be made thereof by at least two (2) adult employees of the Board who conducted the search and shall include names of the persons involved, the circumstances leading to the search and the results of the search.

Bullying, Cyberbullying, Intimidation, Harassment, and Hazing

Any student who engages in the bullying, cyberbullying, intimidation, harassment, and hazing of anyone in the school setting is subject to disciplinary action, including suspension or expulsion. Any employee who permits or engages in bullying, cyberbullying, intimidation, harassment, and hazing of students is subject to disciplinary action up to and including dismissal. Any employee who receives a complaint of bullying, cyberbullying, intimidation, harassment, and hazing from a student is expected to forward the complaint to the principal.

A student should immediately report incidents of bullying, cyberbullying, intimidation, harassment, and hazing to a teacher, counselor, or administrator at the school. The person who receives a report from a student notifies the principal. The principal/designee promptly investigates the complaint and completes a bullying, cyberbullying, intimidation, harassment, and hazing complaint form, which is forwarded to the Director of Child Welfare and Attendance and the Director of Security. If the principal is accused in the incident, the Director of Child Welfare and Attendance is notified, investigates the complaint, and completes the Bullying, cyberbullying, intimidation, harassment, and hazing complaint form. A copy of the completed form is given to the student, identifying, to the extent allowed by law, the action to be taken. Copies are also filed in the offices of the Director of Child Welfare and Attendance and the Director of Security. If the student is not satisfied with the investigation or action taken, he/she may send a written request for review to the Director of Child Welfare and Attendance. The request must be made within ten (10) days following the receipt of a copy of the Bullying, cyberbullying, intimidation, harassment, and hazing form. For procedures and additional information refer to: Richland Parish School Board Policy Manual Section: JCDAF.

Dangerous Weapons (RPSBPM: JCDAB)

The Richland Parish School Board shall authorize the principal of each school to automatically suspend, and recommend expulsion for, any student found in possession of a dangerous weapon on the school grounds, on school buses and/or at any school-sponsored event, at any time, during or after regular school hours, with limited exception as permitted by state law.

If a student is detained for carrying, or the principal or designee confiscates or seizes a firearm or concealed dangerous weapon from a student while on school property, on a school bus, or at a school function, the principal or school official shall immediately report the detention of the student or seizure of the firearm or weapon to the police department or sheriff's office where the school is located and shall deliver any firearm or weapon seized to that agency.

The failure of any principal or designated administrator to report the confiscation of such implement or material or the failure to retain and secure such implement or material may result in a misdemeanor. When a principal or designated administrator violates any provisions of this policy, a report on such violations shall be made by the complainant to the Superintendent. The Superintendent or his/her designee shall conduct a hearing on the alleged offense.

If a student is detained for carrying a concealed weapon on campus, the principal shall immediately notify the student's parents.

Dangerous weapon means any gas, liquid, or other substance or instrumentality, which in the manner used, is likely to produce death or great bodily harm. When the student is found in possession of a weapon, the Superintendent shall be immediately notified and the principal shall take appropriate disciplinary action.

Firearm means any pistol, revolver, rifle, shotgun, machine gun, submachine gun, blackpowder weapon, or assault rifle that is designed to fire or is capable of firing fixed cartridge ammunition or from which a shot or projectile is discharged by an explosive.

FIREARM-FREE ZONES

It is unlawful for a student or nonstudent to intentionally possess a firearm or dangerous weapon on school property at a school sponsored function or within 1000 feet of school property or while on a school bus at any time. The area surrounding the school campus or within 1000 feet of any such school campus, or within a school bus shall be designated *firearm-free zones*, wherein the possession of firearms is prohibited, except as specifically set forth in La. Rev. Stat. Ann. §§[14:95.2](#) and [14:95.6](#). School Bus Conduct (RPSBPM: JCDAD)

Each school bus driver shall distribute to each student at the beginning of the school year a form listing the Richland Parish School System's regulations pertaining to pupils riding school buses. The form shall be signed by the pupil and parent to indicate that they are familiar with regulations therein, and returned to the driver. The principal shall be responsible for keeping the forms on file.

The principal, together with the bus driver, shall assume full responsibility for discipline of pupils riding buses. Any disciplinary problems shall be reported by the driver to the principal of the school involved. It is the duty of the driver, in case of any infraction of rules by any student, to notify the principal of the school the student attends. If possible, this must be done in person. It is the responsibility of the principal to determine necessary punishment to students violating regulations.

If found necessary, the principal may suspend bus privileges. Any parent of a pupil suspended from riding a school bus shall have the right to appeal to the Parish Superintendent, who shall conduct a hearing on the merits of the bus suspension.

A pupil damaging a school bus shall be subject to suspension from school. Any pupil suspended for damages to any school bus shall not be readmitted until payment in full has been made for such damage or until his/her re-admittance is directed by the Superintendent.

At no time shall the bus operator assume authority for suspending bus privileges or taking such disciplinary action as requiring a pupil to kneel or inflicting corporal punishment. If the conduct of a pupil becomes such that his/her removal from the bus becomes essential, the driver shall discharge the pupil at the pupil's regular stop. A student riding a bus shall never be unloaded along the highway except at his/her designated stop.

RPSB Transportation Policies and Procedures

School bus guidelines have been adopted by the Richland Parish School Board in order to provide safe transportation to and from school. It is a privilege, not a right, to ride Richland Parish school buses. All Board policies (including those pertaining to sexual harassment, possession of weapons, and possession of drugs) are strictly enforced on school buses. The Board directs that the bus driver, together with the principal, assume full responsibility for the discipline of students who ride buses. The driver reports disciplinary problems to the principal of the school involved. In the event of any infraction of the rules by a student, it is the duty of the driver to notify the principal in writing. It is the responsibility of the principal to determine appropriate punishment, if warranted.

A student who willfully damages a school bus is liable and may be suspended from school. The student is not allowed to enter or ride on any school bus until restitution in full has been received by the school system or until the student is readmitted by the Superintendent. At no time does the bus driver assume authority for suspending bus privileges.

The responsibility for supervision of students by the Board begins at the bus stop in the morning and ends when students exit buses at the end of the day (or until they are released to a parent/guardian according to Board policy). On- time delivery and student safety are the primary goals of each bus driver.

When riding school buses, every student should:

1. Follow the Bus Transportation rules as directed by the bus driver and the student's school principal. The bus driver is the student's supervisor until the student departs the bus.
2. Report to the assigned bus stop at least 5 minutes before the scheduled arrival time; the bus stops will be assigned by the bus driver. Walk to the closest stop. Be on time because the bus will not wait for late students.
3. Not bring on the bus objects that are too large to be held in the student's lap or to fit under the seat (including large band instruments, projects, and other large objects). Assist the bus driver in maintaining a clean and sanitary bus; students who damage/destroy buses are appropriately disciplined/assessed for damages.
4. Not exit the bus at a different stop from his/her assigned stop without written authorization from the principal. The note must be presented to the driver at the start of the afternoon run.
5. Remain seated, facing forward in the student's permanently assigned seat, while the bus is in motion, and during stops for other students.
6. Only talk quietly to your neighbor. Vulgar language and bullying of other students will not be tolerated.
7. Adhere to the dress code for each school.
8. Not bring a cell phone on the bus.
9. Not eat on the bus.
10. Not extend arms or head out of windows or doors; not throw objects out of windows.

NOTE: A violation of a bus rule may result in loss of bus privilege, disciplinary action, suspension, or expulsion. Some buses are equipped with video cameras that periodically monitor student passengers. Bus drivers are permitted to make reasonable rules for the safe and proper transportation of students.

FAILURE TO COMPLY WITH THE RULES AND REGULATIONS WILL RESULT IN THE FOLLOWING ACTIONS:

FIRST INFRACTION

Written discipline report by the bus driver is submitted to the principal of the school. The principal shall summon the student to the office for a warning and shall notify the parent or guardian of the incident. (Bus drivers should also attempt to contact the parent). The principal shall make documentation of action taken and contact the parent. The principal shall also send a copy of the discipline report to the bus driver and the Transportation Department. **At any time, if the severity of the behavior warrants, the student may be suspended from the school bus for no more than three (3) days or suspended from school on the first infraction.

SECOND INFRACTION

The student shall be suspended from bus riding privileges for a minimum of three (3) days. NO EXCEPTIONS.

THIRD INFRACTION

The student shall be suspended from bus riding privileges for a minimum of one (1) week. Principal may hold conferences with parent.

FOURTH INFRACTION

The student shall be suspended from bus riding privileges for the remainder of the current school term or may be suspended for up to 6 weeks to extend into the following school term, whichever is longer.

The following actions will be considered severe behavior and will be addressed accordingly by the principal:

1. Fighting
2. Possession of alcohol or illegal drugs
3. Smoking
4. Possession of any kind of weapon
5. Assault
6. Destruction of school board property
7. Intentional disrespect (ex: cursing the driver)

As indicated above, school bus transportation is a privilege that may be withdrawn for inappropriate behavior. A student is to ride the bus to which he/she is assigned. Any emergency request to ride a bus or a different bus must be requested in writing by the parent/guardian and submitted to the office for the principal's signature. Students will be allowed off the bus only at school, home, and locations requested in writing by parents. No students may ride different buses (one in the morning and a different one in the evening). The bus driver is in complete charge of the bus and its occupants at all times. Students riding the bus **MUST** comply with the request of the driver.

STUDENT DRESS CODE (RPSBPM: JCDB)

The dress code of the Richland Parish School Board will be to monitor a viable ordered learning environment and to prepare our students to cope with the business standards of the community.

It is a known fact that a person's appearance affects his/her attitude and behavior. Each student is entitled to an educational climate in which teaching and learning can take place, free of disruption of any kind, including distracting forms of dress and/or grooming. Therefore, the School Board feels a responsibility concerning the appearance of students in the classroom, participating in school activities, and on school trips. Traditionally, in appearance and in behavior, Richland Parish students have represented their schools with pride. To ensure continuance of such a tradition, the following requirements have been established by the School Board.

In questions regarding student dress and grooming, the principal or his/her designee of each school shall make the final decision as to what is considered proper or improper dress according to the guidelines provided. It shall be the policy of the Richland Parish School Board that schools shall adhere to a nondiscriminatory student dress and grooming provision of educational opportunities for children and no person shall be excluded from participation in or denied the benefits of any education service, program or activity on the basis of race, color, disability, religion, creed, national origin, age, or sex.

NOTIFICATION

The School Board shall notify the parent or guardian of each student of the dress code specifications and their effective date.

If the School Board adopts a uniform policy or modifies the existing uniform policy, it shall notify, in writing, the parent or guardian of each student of the policy adoption or uniform policy modification at least sixty (60) days prior to the effective date of the new or revised policy. Each school shall display any uniform selected for a reasonable period prior to the proposed effective date for wearing of the uniform.

However, nothing shall prohibit the School Board from requiring a new or revised dress code or uniform policy without the required notice in the event of an emergency. For the purposes of this policy, *emergency* shall mean an actual or imminent threat to health or safety which may result in loss of life, injury, or

property damage.

BODY ARMOR

It shall be unlawful and against School Board policy for any student or non-student to wear or possess on his/her person, at any time, body armor on any School Board property, school campus, at a school-sponsored function, on a school bus or other school transportation, or in a firearm-free zone, with limited exception as enumerated in La. Rev. Stat. Ann. §[14:95.9](#). School-sponsored functions shall include, but not be limited to, athletic competitions, dances, parties, or any extracurricular activities. A firearm-free zone means any area within one thousand feet of any school campus and within a school bus.

Body armor shall mean bullet-resistant metal or other material intended to provide protection from weapons or bodily injury. The School Board shall notify all students of the provisions of this policy.

DRESS CODE VIOLATIONS

Students who violate the dress code shall be disciplined in accordance with the *Student Code of Conduct*. A student enrolled in grades prekindergarten through five shall not be suspended or expelled from school or suspended from riding on any school bus for a uniform violation that is not tied to willful disregard of school policies.

Revised: July 10, 2018

STUDENT CODE OF CONDUCT (RPSBPM: JCDA Cf: [JCD](#))

The Richland Parish School Board expects students to be well behaved while attending school or any school activity and conduct themselves in an appropriate manner at all times. Every teacher and every other school employee shall be authorized to hold every student to a strict accountability for any disorderly conduct, and discipline policies shall be applicable, in school or on the playgrounds of the school, on the street or road while going to or returning from school, on any school bus, during intermission or recess, or at any school-sponsored activity or function.

Students have the responsibility to know and respect the rules of the school system. Students shall comply with all School Board policies and school regulations, student codes of conduct, and directions of principals, teachers, and other authorized school personnel during any period of time when the student is under the authority of school personnel.

The School Board shall demand reasonable student behavior and administer discipline with fundamental fairness without regard to gender, race, ethnic origin, religion or political belief. All students shall be afforded the basic rights of citizenship recognized and protected for persons of their age and maturity. Students shall exercise their rights and responsibilities in accordance with rules established for orderly conduct of the school's mission. Students who violate the rules of conduct shall be subject to disciplinary measures designed to correct the misconduct so that an environment conducive to learning can be maintained. Moreover, the School Board reserves the authority to discipline students for behavior that may constitute a material disruption of the educational process such as audio, video, or other materials/information that may appear on the Internet or be transferred over electronic devices.

STUDENT CODE OF CONDUCT

While the School Board cannot reasonably be expected to develop a *Student Code of Conduct* in such detail as to anticipate every type of misconduct that could possibly occur, the School Board shall develop and maintain a *Student Code of Conduct*, which shall enumerate the necessary discipline action to be taken against any student who violates the *Code of Conduct*. It shall be in compliance with all existing policies, rules, and regulations of the Louisiana Board of Elementary and Secondary Education and all state laws relative to student discipline.

The School Board's *Code of Conduct* shall include progressive levels of minor through major infractions and identify corresponding minor through major interventions and consequences. Before an initial referral for a student's expulsion, the *Code of Conduct* shall require the prior administration of interventions in accordance with the minor tiers in the *Code of Conduct*, except in instances where the expulsion referral is the result of accumulated minor infractions in accordance with the *Code of Conduct*, or the underlying incident threatens the safety and health of students or staff. Expulsions shall be reserved for the major tier of behavioral infractions involving weapons or drugs, or when the safety of students and staff has been put in jeopardy.

The *Code of Conduct* shall also include information detailing the appeal process for expulsion as included in policy [JDE, Expulsion](#).

Prior to the beginning of each school year, all schools of the Richland Parish School District shall provide each student, and his/her parent or legal guardian with a *Student Handbook* or similar document that identifies and explains discipline policies, rules or regulations, and procedures that are parish-wide and/or specific to that school, as well as outline the consequences for students who violate the *Student Code of Conduct* or any school policy, regulation, or procedure. Such consequences may include, but may not be limited to, oral or written reprimands, parental contact, removal of the student from the classroom, detention, corporal punishment, in-school suspension, suspension from school, assignment to an alternative school, recommending expulsion from school, or any other disciplinary measure authorized by the principal in conjunction with state law and/or School Board policy.

ORIENTATION/NOTICE

Students shall be informed by school authorities that violations of School Board policy and school rules or regulations may result in a range of disciplinary actions including suspension or expulsion. Each school shall plan and conduct an orientation and other meetings within the first five (5) days of school each year to fully inform all employees and students of all discipline policies, provisions of the *Student Code of Conduct* applicable to such students, and rules and regulations necessary for the safe and orderly operation of the public schools. The orientation shall also include information on the consequences of failure to comply with disciplinary rules and requirements of the *Student Code of Conduct*, particularly bullying and similar prohibited conduct, including suspension, expulsion, the possibility of suspension of student's driver's license, and the possible criminal consequences of violent acts committed on school property, at a school-sponsored function, or in a firearm-free zone, as well as the contents of the *Teacher Bill of Rights*. Meetings shall also be held throughout the school year as may be necessary to inform new employees and new students of such discipline policies, and regulations, contents of the *Student Code of Conduct*, and pertinent school rules.

The orientation instruction shall be age appropriate and grade appropriate and take into consideration whether the student is in a regular or special education program.

Any student who does not receive the orientation during the first five (5) days of the school year shall be provided an orientation during the first five (5) days of the student's attendance.

STATEMENT OF COMPLIANCE

Each student in grades 4-12 and each parent or guardian of a student in grades 4-12, shall annually sign a *Statement of Compliance*. For students, the *Statement of Compliance* shall state that the student agrees to attend school regularly, arrive at school on time, demonstrate significant effort toward completion of homework assignments, and follow school and classroom rules. For parents, the *Statement of Compliance* shall state that the parent or legal guardian agrees to ensure his/her child's daily attendance at school, ensure his/her child's arrival at school on time each day, ensure his/her child completes all assigned homework, and attend all required parent/teacher/principal conferences. Failure by a student and/or parent or guardian to sign the respective *Statement of Compliance* may result in disciplinary action.

Revised: August 5, 2021

STUDENT DISCIPLINE (RPSBPM: JD)

It is the purpose of the Richland Parish School Board to operate the schools in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend these schools. The school's primary goal is to educate, not discipline; however, when the behavior of the individual student comes in conflict with rights of others, corrective actions may be necessary both for the benefit of that individual and the school as a whole.

The Richland Parish School Board shall endeavor to address student behavior with a focus on evidence-based interventions and supports, and to prioritize classroom- and school-based interventions in lieu of out-of-school disciplinary removals to address student misconduct in order to minimize the loss of academic instructional time. Every teacher and other school employee shall endeavor to hold each accountable for his/her behavior in school, or on the playgrounds of the school, on any school bus, on the street or while

going to or returning from school, during intermission or recess, or at any school sponsored activity or function.

To assist the teacher, the School Board shall establish regulations for the use of disciplinary measures within the schools and continually monitor and appraise their usefulness. Discipline shall be administered uniformly, consistently, and in a nondiscriminatory manner, in accordance with the School Board's *Student Code of Conduct*.

Principals shall have both the authority and the duty to take disciplinary action whenever the behavior of any student (s) materially interferes with or substantially disrupts the maintenance of a proper atmosphere for learning within the classroom or other parts of the school. However, no student shall be disciplined in any manner by the School Board or school administrator, teacher, or other school employee for the use of force upon another person when it can be reasonably concluded that the use of such force more probably than not was committed solely for the purpose of preventing a forcible offense against the student or a forcible offense provided that the force used must be reasonable and apparently necessary to prevent such offense. A student who is the aggressor or who brings on a difficulty cannot claim the right stated above to defend himself/herself.

Each teacher may take disciplinary action to correct a student who violates school rules or who interferes with an orderly education process. The disciplinary action taken by the teacher shall be in accordance with such regulations and procedures established by the School Board.

Disciplinary action by a school employee may include, but is not limited to:

1. Oral or written reprimands.
2. Referral for a counseling session which shall include but shall not be limited to conflict resolution, social responsibility, family responsibility, peer mediation, and stress management.
3. Written notification of parents of disruptive or unacceptable behavior, a copy of which shall be provided to the principal.
4. Other disciplinary measures approved by the principal and faculty of the school and in compliance with School Board policy.

STUDENT REMOVAL FROM CLASSROOM

When a student's behavior prevents the orderly instruction of other students, poses an immediate threat to the safety of students or the teacher, or when a student violates the school's code of conduct the teacher may have the student immediately removed from his/her classroom and placed in custody of the principal or his/her designee.

Any student removed from class in kindergarten through grade five shall not be permitted to return to class for at least thirty (30) minutes unless agreed to by the teacher. A student removed from class in grades six through twelve shall not be permitted to return to class during the same class period, unless agreed to by the teacher initiating the disciplinary action.

Whenever a teacher is struck by a student, the student, in addition to any other discipline given, shall be permanently removed from the teacher's classroom, unless the teacher objects, or unless the principal, with the concurrence of the building level committee, finds the striking incident to be entirely inadvertent.

Upon the student being removed from class and sent to the principal's office, the principal or designee shall advise the student of the particular misconduct of which he is accused as well as the basis for such accusation, and the student shall be given an opportunity at that time to explain his/her version of the facts. The principal or his/her designee then shall conduct a counseling session with the student as may be appropriate to establish a course of action, consistent with School Board policy to identify and correct the behavior for which the student is being disciplined.

Once removed, the student shall not be readmitted to the classroom until the principal has implemented at least one of the following disciplinary measures:

1. Conferencing with the principal or his/her designee.
2. Referral to counseling.
3. Peer mediation.
4. Referral to the school building level committee.
5. Restorative justice practices.
6. Loss of privileges
7. Detention
8. In-school suspension
9. Out-of-school suspension
10. Initiation of expulsion hearings
11. Referral for assignment to an alternative setting
12. Requiring the completion of all assigned school and homework that would have been assigned and completed by the student during the period of out-of-school suspension.
13. Any other disciplinary measure authorized by the principal with the concurrence of the teacher or building level committee.

For detailed procedures on suspension and expulsion, see policy [JDD, Suspension](#) and policy [JDE, Expulsion](#).

Parental Notification

The principal or his/her designee shall provide oral or written notification to the parent or legal guardian of any student removed from the classroom. Such notification shall include a description of any disciplinary action taken.

When a student has been removed from a classroom, the teacher or the principal or his/her designee may require the parent, or legal guardian of the student to have a conference with the teacher or the principal or his/her designee before the student is readmitted. Such conference may be in person or by telephone or other virtual means.

Upon the student's *third* removal from the same classroom, the teacher and principal shall discuss the disruptive behavior patterns of the student and the potentially appropriate disciplinary measure before the principal implements a disciplinary measure. In addition, a conference between the teacher or other appropriate school employee and the student's parent, or legal guardian may be required prior to the

student being readmitted to that same classroom. Such conference may be in person or by telephone or other virtual means. If such conference is required by the school, the school shall give written notice to the parent.

For students who experience multiple behavioral incidents or disciplinary referrals, a principal or his designee shall consider a referral of the matter to an appropriate school building level committee. If the disruptive behavior persists, the teacher may request that the principal transfer the student into another setting.

SPECIFIC INFRACTIONS AND CONSEQUENCES

In an effort to bring uniformity to the administration of discipline in all Richland Parish schools, consequences for most common infractions by students are listed.

The discipline violations which shall not, on first offense, result in suspension or expulsion:

1. Failure to appear at school (playing hooky)
2. Cutting class
3. Tardiness to class

The above stated discipline violations may result in a conference with the principal and/or the principal's designee, along with notification to his/her parents or parent conference.

REPORTS TO PRINCIPAL

Any teacher or other school employee may report to the principal any student who acts in a disorderly manner or is in violation of school rules, or any misconduct or violation of school rules by a student who may or may not be known to the teacher or employee. Incidents of alleged discipline violations shall be reported on the [School Behavior Report/School Bus Behavior Report](#) form provided by the Louisiana Department of Education. The forms shall be submitted in accordance with procedures outlined by the School District, the Superintendent, and school system personnel. The principal shall review and act upon such information submitted, to determine if suspension or other disciplinary action is necessary.

Should the principal fail to act on any report of misconduct or school violation, he/she shall explain the reasons for doing so to the Superintendent or his/her designee and to the teacher or school employee, student, parent, or legal guardian reporting the violation.

A school principal may include, but not be limited to, such measures as detention, in-school suspension, alternative site suspension school, out-of-school suspension from school, or suspension from riding on any school bus in disciplining any student who:

1. is guilty of willful disobedience.
2. treats with intentional disrespect a teacher, principal, Superintendent, member, or employee of the Richland Parish School Board.
3. makes against any one of them an unfounded charge.
4. uses unchaste or profane language.
5. is guilty of immoral or vicious practices, or of conduct or habits injurious to his/her associates.

6. uses tobacco, tobacco products, or who possesses or uses alcoholic beverages or any controlled dangerous substance governed by the Uniform Controlled Dangerous Substances Law, in any form, in school buildings, on school grounds, or on school buses owned by, contracted to, or jointly owned by Richland Parish School Board.
7. disturbs the school and habitually violates any rule.
8. cuts, defaces, or injures any part of public school buildings, any property belonging to the buildings, or any school buses owned by, contracted to, or jointly owned by Richland Parish School Board.
9. writes any profane or obscene language or draws obscene pictures in or on any school material or on any public school premises, or on any fence, pole, sidewalk, or building on the way to or from school, or on any school bus, including those owned by, contracted to, or jointly owned by Richland Parish School Board.
10. throws missiles liable to injure other persons on the school grounds or while on any school bus, including those owned by, contracted to, or jointly owned by Richland Parish School Board.
11. instigates or participates in fights while under school supervision; however, a student reasonably concluded to be acting in self-defense may not be disciplined.
12. violates traffic and safety regulations.
13. leaves his/her classroom during class hours or detention without permission.
14. leaves the school premises without permission.
15. is habitually tardy or absent.
16. violates school policies on grooming and dressing.
17. steals from classmates, teachers, and any school personnel.
18. attends a school function when intoxicated.
19. is convicted of a violation of any city, parish, or state ordinance or statute.
20. uses or operates any electronic telecommunication device including any facsimile system, radio paging service, mobile telephone service, intercom, or electromechanical paging system while under school jurisdiction without approval of the principal or the principal's designee.
21. carrying or possessing a knife with a blade less than two and one half (2 ½) inches in length -- may be suspended by the school principal, but, in appropriate cases, at a minimum, shall be placed in *in-school suspension*.
22. commits any other serious offense.

RECUSAL OF ADMINISTRATOR IN DISCIPLINE MATTERS

Any school administrator or administrator's designee who is required to make a recommendation, decide an issue, or take action in a matter involving the discipline of a student shall recuse himself/herself whenever a member of the immediate family of the administrator or administrator's designee is involved in any manner in the discipline matter. In case of recusal, the action to be taken shall be done so by the Superintendent or an impartial designee of the Superintendent.

Immediate family means the individual's children, brothers, sisters, parents, and spouse and the children, brothers, sisters, and parents of the spouse.

STUDENT NOTIFICATION OF DISCIPLINE

It is the philosophy of the Richland Parish School Board to implement a discipline policy relevant to detention, in-school suspension, alternative site suspension, out of school suspension, and expulsion that matches the consequences to the infraction. Further, for the benefit of educating the child, preventing him/her from missing a great number of days, and teaching him/her to modify disruptive behavior, the School Board seeks to provide an alternative to out-of-school suspension, unless the student's actions warrant full suspension or expulsion.

Prior to any detention, in-school suspension, suspension, or recommendation of expulsion from school, the school principal or the principal's designee shall advise the student of the particular misconduct of which he/she is accused and give him/her an opportunity to explain his/her version of the incident.

DETENTION

Richland Parish shall implement a detention program at each high school and employ a teacher to supervise students assigned to detention. As an alternative to suspension, principals may assign students to detention. Work designed to encourage acceptable behavior will be assigned. Failure to attend assigned detention shall result in a suspension.

PARENT CONFERENCES

In any case where a teacher, principal, or other school employee is authorized to **require** the parent or legal guardian of a student to attend a conference or meeting regarding the student's behavior, and after notice, the parent or legal guardian willfully refuses to attend, the principal, or his/her designee, shall file a complaint, in accordance with statutory provisions, with a court exercising juvenile jurisdiction. *Notice* of the conference, specifying the time and date of the conference, shall be given by contacting the parent or legal guardian by telephone at the telephone number shown on the student's registration card or by sending a certified letter to the address shown on the student's registration card.

If the parent or legal guardian refuses to respond, the principal may determine whether readmitting the student is in the best interest of the student. On subsequent occurrences within the same year, the student shall not be readmitted unless the parent, tutor, legal guardian, court or other appointed representative responds. A student whose presence poses a continued danger or a continual threat of disruption to the academic process shall be immediately removed from the school premises without the benefit of the procedure described above; however, the necessary procedure shall follow as soon as is practicable.

DELINQUENT STUDENTS

Students who regularly disrupt the normal school environment shall be considered as delinquent, and may be reported by appropriate school personnel to the juvenile court. Any student that exhibits disruptive behavior, an incorrigible attitude, or any other discipline problems in general may be recommended by the principal for expulsion, assignment to an appropriate alternative educational placement, or transfer to adult education if the student is:

1. Seventeen (17) years of age or older with less than five (5) units of credit toward graduation;
2. Eighteen (18) years of age or older with less than ten (10) units of credit toward graduation; or
3. Nineteen (19) years of age or older with less than fifteen (15) units of credit toward graduation.

EMPLOYEE SAFETY

It is the belief of the Richland Parish School Board that its policy will provide an environment conducive to learning for its students and safe for its teachers and all school employees. Any teacher or representative of a teacher who believes that an imminent danger to such teacher exists may request an investigation of the situation and resolution of the problem by the principal. If the teacher remains unsatisfied with the response to his or her request, he or she may ask that the Superintendent investigate the situation. The Superintendent shall notify the School Board and shall undertake to resolve the situation within six (6) months.

If the teacher still believes that imminent danger exists, he or she shall make a request in writing to the Louisiana Superintendent of Education and provide details for his or her request. The Superintendent shall investigate to determine if, in actuality, the school setting is not safe for teachers and students and shall take actions commensurate with his/her findings.

DISCIPLINE OF STUDENTS WITH DISABILITIES OR EXCEPTIONALITIES

Discipline of students with disabilities or exceptionalities, or an Individualized Education Program or Section 504 Individualized Accommodation Plan, shall be to the extent allowed by applicable state or federal law and regulations or the provisions of the student's specific plan.

DISCIPLINE OF STUDENTS ENGAGED IN VIRTUAL INSTRUCTION

The School Board shall adopt disciplinary measures that define the rules of conduct and expectations of students engaged in virtual instruction, including clearly defined consequences of conduct, and shall take into consideration the students' and their families' rights to privacy and other constitutional rights while at home or in a location that is not school property. Any such disciplinary measures adopted by the School Board shall be included in the policy *Discipline of Students Engaged in Virtual Instruction*.

DEFINITIONS

Out-of-school suspension means the removal of a student from all classes of instruction on public school grounds and all other school-sponsored activities.

In-school suspension means removing a student from his/her normal classroom setting but maintaining him under supervision within the school. Students participating in in-school suspension shall receive credit for work performed during the in-school suspension. However, any student who fails to comply fully with the rules for in-school suspension may be subject to immediate out-of-school suspension.

Detention shall mean activities, assignments, or work held before the normal school day, after the normal school day, or on weekends. Failure or refusal by a student to participate in assigned detention may subject the student to immediate out-of-school suspension. Assignments, activities, or work which may be assigned during detention include, but are not limited to, counseling, homework assignments, behavior modification program, or other activities aimed at improving the behavior and conduct of the student.

Expulsion (unless otherwise defined as a permanent expulsion by law) shall mean the removal of a student from school for at least one school semester. During an expulsion the Superintendent shall place the student in an alternative school or in an alternative educational placement.

Firearm means any pistol, revolver, rifle, shotgun, machine gun, submachine gun, blackpowder weapon, or assault rifle that is designed to fire or is capable of firing fixed cartridge ammunition or from which a shot or projectile is discharged by an explosive.

Virtual instruction means instruction provided to a student through an electronic delivery medium, including, but not limited to, electronic learning platforms that connect to a student in a remote location to classroom instruction.

Corporal Punishment (RPSBPM: JDA)

Every teacher is authorized to hold every pupil to a strict accountability for any disorderly conduct in school or on the playground of the school, or on any school bus going to or returning from school, or during intermission or recess.

The Richland Parish School Board shall allow reasonable corporal punishment of unruly pupils. If such punishment is required, it shall be administered with extreme care, tact and caution, and then only by the principal, assistant principal, or the principal's designated representative in the presence of another adult school employee. At no time shall corporal punishment be administered in the presence of another student. All school personnel and parents shall be fully informed of these provisions at the beginning of each school year.

Corporal punishment means using physical force to discipline a student, with or without an object. Corporal punishment includes hitting, paddling, striking, spanking, slapping, or any other physical force that causes pain or physical discomfort.

Corporal punishment does not include:

1. The use of reasonable and necessary physical restraint of a student to protect the student, or others, from bodily harm or to obtain possession of a weapon or other dangerous object from a student.
2. The use of seclusion and restraint as provided in La. Rev. Stat. Ann. [§17:416.21](#).

No form of corporal punishment shall be administered to a student with an exceptionality, excluding gifted and talented, as defined in La. Rev. Stat. Ann. [§17:1942](#) or to a student who has been determined to be

eligible for services under *Section 504 of the Rehabilitation Act of 1973* and has an *Individual Accommodation Plan*.

The following guidelines shall apply to any use of corporal punishment:

1. Except for those acts of misconduct which are extremely anti-social or disruptive in nature, corporal punishment should never be used unless the student is informed beforehand that specific misbehavior could occasion its use; and, subject to this exception, it should never be used as a first line of punishment. Its use should follow specific failures of other corrective measures to affect student behavior modification.
2. The principal or the designee shall punish corporally only in the presence of a second school employee, who should be informed beforehand of the reasons for the punishment.
3. In cases where a student protests innocence of the offense or ignorance of the rule, a brief but adequate opportunity shall be provided for the student to explain his/her side of the situation.
4. School principals, assistant principals or appropriate designees who have administered corporal punishment shall provide the child's parents or legal guardians, upon request, a written explanation of the reasons and the name of the school employee who was present as a witness. For each incident of corporal punishment, a [Corporal Punishment Incidence Checklist](#) shall be completed and maintained in the administrative offices of the school.
5. Corporal punishment shall be administered in the office of the principal, assistant principal or in such place or places as may be designated by the principal.
6. The use of corporal punishment shall at all times be reasonable and proper. Considerations in this regard shall include but not be limited to the following:
 - A. Age of child;
 - B. Size of child;
 - C. Sex of child;
 - D. Ability to bear the punishment; and
 - E. Overall physical condition of the child.
7. Corporal punishment shall not be administered in anger or with malice at any time.
8. Corporal punishment shall be administered by paddling the buttocks only.
9. The size of the paddle used for corporal punishment shall be as follows:
 - A. Paddle cannot exceed 6.36 MM (1/4 inch) in thickness for elementary school.
 - B. Paddle cannot exceed 1.27 CM (1/2 inch) in thickness for senior high school.
 - C. The width of the paddle will be from 10.16 CM to 15.24 CM (4 inches to 6 inches.)
 - D. The length of the paddle will be 38.0 CM to 45.72 CM (15-18 inches.)

Suspension (RPSBPM: JDD)

The Richland Parish School Board recognizes its authority to maintain good order and discipline within the schools of the school district. Therefore, the School Board recognizes the principal's authority to suspend a student for a specified period of time in accordance with statutory provisions.

Prior to any out-of-school suspension or assignment to alternative placement, the school principal or his/her designee shall advise the student of the particular misconduct of which he/she is accused as well as the basis for such accusation, and the student shall be given an opportunity at that time to explain his/her version of the facts. The principal/designee shall contact the parent or legal guardian of the student to notify them of the suspension, and establish a date and time for a conference with the principal or designee as a requirement for readmitting the student. *Notice* shall be given by contacting the parent or legal guardian by telephone at the telephone number shown on the student's registration card, or by electronic communication or by a certified letter sent to the address shown on the student's registration card. The principal shall promptly advise the Superintendent or designee of all such suspensions, stating the reasons for the suspensions.

A student who is suspended for longer than ten (10) shall be provided with academic instruction at an alternative setting in accordance with La. Rev. Stat. Ann. §[17:416.2](#).

No suspended student shall be allowed to leave the school premises during the school day until the parent, guardian, or other proper authorities assume responsibility for him/her, unless immediate removal from school due to danger or threat of disruption to academic process is warranted.

If the parent, or legal guardian fails to attend the required conference within five (5) school days of notification, the truancy laws shall be effective. On not more than one occasion each school year when the parent, or legal guardian refuses to respond to the notice, the principal may determine whether readmitting the student is in the best interest of the student. On any subsequent occasions in the same school year, the student shall not be readmitted unless the parent, or legal guardian, court, or other appointed representative responds.

If a teacher, principal, or other school employee is authorized to require the parent, or legal guardian of a student to attend a conference or meeting regarding the student's behavior and after notice, the parent, or legal guardian willfully refuses to attend, the principal or his/her designee shall file a complaint, in accordance with statutory provisions, with a court exercising juvenile jurisdiction.

When a student is suspended for a second time within one school year, the principal may require a counseling session be held with the parent and student by the school counselor. In the event there is no school counselor assigned to that school, the principal may require a conference between the parent, student and all the student's teachers and the principal or other administrator.

Any student, *after being suspended on three (3) occasions* for committing drugs or weapons offenses during the same school year, **shall upon committing the fourth offense**, be expelled from all the public schools of the system until the beginning of the next regular school year, and the student's reinstatement shall be subject to the review and approval of the School Board.

A student suspended for damages to any property belonging to the school system or to property contracted to the school system or any property on school grounds owned by a school employee or student shall not be readmitted until payment in full has been made for such damage, an alternative restitution arrangement has been executed, an alternative payment plan has been arranged, or until directed by the Superintendent. If the property damaged is a school bus owned by, contracted to, or jointly owned by any school board, a student suspended for such damage shall not be permitted to enter or ride any school bus until payment in full has been made for the damage, an alternative restitution arrangement has been executed, an alternative payment plan has been arranged, or until directed by the Superintendent.

The principal and other appropriate personnel shall be required to file written documentation of all suspensions. Said documentation shall include the circumstances surrounding any suspension, the reason for suspension, and any other pertinent facts concerning the disciplinary action. The principal shall file copies of his/her report with the Superintendent, other appropriate personnel and the parent or guardian and retain a copy for his/her records.

Upon the seizure by any teacher, principal, school security guard, or other school administrator of any firearm, knife, or other dangerous implement which could be used as a weapon or inflict injury, the principal or his or her designee shall be required to report the confiscation to appropriate law enforcement officials.

APPEALS

Any parent, or legal guardian of a student suspended shall have the right to appeal to the Superintendent or his/her designee, who shall conduct a hearing on the merits. If the parent or legal guardian is not present for the hearing after having been properly notified, the hearing may proceed and the results of the hearing shall be mailed to the parent or legal guardian within three (3) school days by certified mail, return receipt requested. The decision of the Superintendent on the merits of the case, as well as the term of the out-of-school suspension, shall be final, reserving to the Superintendent the right to remit any portion of the time of out-of-school suspension.

Notwithstanding the foregoing, the parent or legal guardian of a student who has been recommended for expulsion but suspended instead following a hearing conducted by the Superintendent or his/her designee shall have the right to request review by the School Board of the findings of the Superintendent or designee at a time set by the School Board. Such request must be made within five (5) days after the decision is rendered, or the decision of the Superintendent or designee shall be final. The School Board may affirm, modify, or reverse the action previously taken.

The parent or legal guardian of the student may, within ten (10) school days, appeal to the judicial district court an adverse ruling of the School Board in upholding the action of the Superintendent or designee. The court may reverse or revise the ruling of the School Board upon a finding that the ruling of the School Board was based on an absence of any relevant evidence in support thereof.

IN-SCHOOL SUSPENSION

Principals of participating schools shall make the decision to assign students to an alternative site in-school suspension program. All in-school suspension programs, whether on-site or alternative site, shall follow Richland Parish School Board policy.

Students shall be assigned to the alternative site in-school suspension program for no more than three (3) consecutive days per referral. A full-time assistant shall monitor the completion of classwork that has been sent by the student's teacher to the alternative site in-school suspension program. All students under the supervision of the alternative site in-school suspension program shall be subject to the decisions of the on-site principal or his designee. While being assigned to an in-school suspension program, a student shall not be allowed to participate in school-related activities.

After the second in-school suspension, all subsequent suspensions shall count toward the four suspensions which shall result in a recommendation for expulsion. A referral of subsequent disciplinary problems may be made to the School Building Level Committee, if appropriate.

In each case of in-school suspension, alternative site suspension, or suspension from school, the school principal or the principal's designee shall contact the parents, tutor, or legal guardian by telephone at the number shown on the student's registration card or send a certified letter to the address shown on the student's registration card to the parent or legal guardian of the student giving notice of the suspension and the reasons for the action, and establishing a date and time for a conference with the principal or his designee. This conference shall be a requirement for readmitting the student to school.

In each case of suspension from riding the bus, a letter shall be sent to the parent, tutor, or legal guardian giving notice of the suspension and the reasons for the action. A conference with student, principal, bus operator and parent is recommended.

In-school suspensions, alternative site suspensions, which are counted by the principal as regular suspensions, or suspensions from school shall be reported to the Superintendent and to the Supervisor of Child Welfare and Attendance. Students Attending Summer School outside Richland Parish:

Parents of Richland Parish students should meet with and receive approval from the School Building Level Committee (SBLC) prior to their child's attending summer school outside the district to recover credit for failing grades or for a failed course. Failure to receive approval may lead to rejection of completed summer school for credit recovery. Only the SBLC can approve credit recovery or the promotion status of students.

Full day kindergarten attendance is required in Richland Parish. Numerical grades will be given for each six week period. The average of both semester grades will determine promotion.

Grade 1

Numerical grades will be given for each six week period. The average of both semester grades will determine promotion.

Grades 2-12

All students addressing core content standards will receive numerical grades at every level. Numerical grades shall be given in the following skill areas. In all other courses, an S or U will be given.

ELA	ELA	ELA	Science
Math	Math	Math	Social Studies

Student Progress/Report Cards

Report cards are issued at the end of each six weeks for grades K-12. One copy is issued to each student. Progress reports may be obtained upon parent request to inform students and parents of progress between report cards. Percentage grades (representing total points earned out of total points possible) are recorded to indicate student progress. The report issued at the end of a course reflects a final percentage grade and a final letter grade.

Minimum Number of Grades

There will be a minimum of three grades posted in JGradebook by the end of the third week of each six-weeks grading period. A minimum of six grades will be posted in JGradebook prior to the end of each six-weeks grading period. Physical education, enrichment and computer lab classes will be considered exceptions to the minimum number of grades listed above. For English Language Arts spelling can only count for 1/5 of the total ELA grade. For graduating seniors, during the sixth six-weeks, a senior will receive a minimum of grades equivalent to the number of weeks attended for the six-weeks prior to graduation.

Final Exams

In Richland Parish, grades that are entered into JGradebook as Midterm or Final Exams are mathematically figured as one-seventh of the semester grade. If a student's academic performance is such that it could threaten the student's ability to be promoted to the next grade level, the student's parent/guardian shall be offered an in-person meeting with the child's classroom teacher and school leader to discuss any resources or strategies available to support and encourage the student's academic improvement. Accelerated Reader (AR) shall not be used as a grade.

GRADUATION EXERCISES (FILE: IKDB)

No students will be allowed to participate in commencement exercises until they have successfully completed the requirements prescribed by the Louisiana Board of Elementary and Secondary Education (BESE). Special Education students must meet all program requirements to receive a certificate of completion and participate in commencement exercises.

A student who has been exited in the Student Information System (SIS) as obtaining a GED, Skill Certificate, or Industry Based Certificate may participate in commencement exercises. The decision of participation in commencement exercises will be made by the building level principal.

Any student who owes money for lost or stolen textbooks, school meals, club fees, sport fees, or vandalism, shall not be allowed to participate in graduation exercises, until the debt is paid in full, unless granted an exception by the school principal.

CLASS RANKINGS (FILE: IHC)

The Richland Parish School Board, in order for class rankings to be determined on a uniform and consistent basis throughout the schools of Richland Parish, shall require each school to determine the student rank of each graduating class by dividing the total number of quality points earned by each student by the total number of high school credits completed to determine grade point average. Foreign exchange students and other non-residents shall not be counted as members of the graduating class for the purpose of class rankings. Beginning with students graduating in the 2016-2017 school year and thereafter, the calculation of the minimum cumulative grade point average shall utilize a five-point scale for grades earned in certain Advanced Placement courses, International Baccalaureate courses, gifted and talented courses, honors courses, articulated courses for college credit, and dual enrollment courses as approved by the Board of Regents and the State Board of Elementary and Secondary Education, which may result in a student earning a cumulative grade point average that exceeds 4.00. For such courses, five quality points shall be assigned to a letter grade of "A", four quality points shall be assigned to a letter grade of "B", three quality points shall be assigned to a letter grade of "C", two quality points shall be assigned to a letter grade of "D", and zero quality points shall be assigned to a letter grade of "F".

VALEDICTORIAN/SALUTATORIAN

It is the philosophy of the Richland Parish School Board that the honors of valedictorian and salutatorian may be awarded to students whose cumulative grade point averages reflect the quality of instruction in the entire school district and who exemplify the highest scholastic achievement in the school from which they graduate. The students with the highest and second highest cumulative grade point average, after all grades have been officially reported by teachers, shall be selected valedictorian and salutatorian respectively.

Residency Requirement: To be eligible for the honor of valedictorian and salutatorian, students shall have been in residence for at least the last four (4) semesters in the high school from which they are to graduate.

RANKING OF STUDENTS

The ranking for all students, regardless of graduating date, shall be determined by the cumulative grade point average computed for each year of high school. The quality point average shall be calculated in accordance with the procedures and formula outlined in the *Pupil Progression Plan for Richland Parish School System*. The final average to determine the rank of each student shall be computed to two (2) decimal places.

State Testing Programs

A component of Dynamic Indicators of Basic Early Literacy Skills 7th Edition (DIBELS Next), an early reading assessment, will be used to meet BESE screening requirements for K-3 students.

Louisiana students are assessed annually in English Language Arts/literacy, mathematics, science, and social studies in 3rd through 8th grades; high school students take LEAP 2025/End-of-Course tests in the following subjects: Algebra I, Geometry, English I, English II and III, Biology, and U.S. History. The assessments measure whether each student has gained the knowledge and skills in the subject for their grade.

Students with significant cognitive disabilities are eligible to take the LEAP Connect. The assessment is based on Extended Standards that capture the core academic content of academic standards. Students in 3rd through 8th grade and 11th grade are assessed in English language arts and math. Students in 4th, 8th and 11th grades are assessed in science. Students who take the LEAP Connect may receive a Certificate of Achievement, not a high school diploma.

The ACT is designed to assess 11th graders' general learning outcomes. The ACT is a curriculum-based educational and career planning tool that assesses mastery of state and college readiness standards. Accepted by all four-year colleges and universities, it is the college entrance test most preferred nationwide. The ACT WorkKeys assessment for 11th grade students assesses the academic and career skills that are needed to be successful in the workplace. It assists in identifying educational pathways that can further develop the proficiencies that are critical to job success. WorkKeys matches student skills to job profiles in order to support students in developing successful career pathways.

Edgenuity Courses

Course Pacing:

The calendar for an Edgenuity course will follow a semester or full year plan, ie, each six weeks a student will complete approximately 1/6th of the course (or 1/3rd if a semester course).

Lessons, Quizzes, and Tests: Students can work on Edgenuity lessons in the classroom. Students can ONLY take quizzes and tests at school and must show their notes for the lesson(s) in their notebooks.

Notebook: Students will keep a notebook in all Edgenuity courses. Students will log their daily activities in the notebook. Students will show their notebooks to the teacher before a quiz or test is made available.

Notebooks will be taken up at the middle and end of each six weeks to be graded.

Grades: For each progress report and report card, students will have two grades entered into WebPAMS: *Edgenuity* grades will average to be a 100 point grade determined by the student's *actual* course grade which is based on the percentage of the course completed. This grade will represent 80% of the six weeks average. The notebook grade will be a 25 point grade and represent 20% of the six weeks average.

In order to receive credit for a course in Edgenuity, a student must complete 100% of the course with a passing grade.

GIFTED AND TALENTED PROGRAM

As a positive means of identifying students as candidates for the Gifted/Talented Program, the Richland Parish School System has set the following eligibility criteria for screening:

Kindergarten-Second Grade:

Students referred to the School Building Level Committee (SBLC) in these grades, will be screened by Pupil Appraisal Services using a criterion referenced measure that evidences high performance in academic and intellectual aptitude, demonstrated by screening results which fall in the 90-95 percentile range in reading and math.

Third-Twelfth Grade:

Students referred to the School Building Level Committee (SBLC) in these grades, shall meet screening criteria by scoring at least one Advanced Level and one Mastery Level on the district-wide assessment (i.e., LEAP 2025), in reading and math.

Any student who meets the parish screening criteria, will be tested for the Gifted/Talented program using the Criteria for Eligibility (Chapter 9, Part C) of the state requirements for classification found in Bulletin 1508-Pupil Appraisal Handbook-Title 28 Education Part C1.

For further information, please contact the principal of the school where the student attends or Joyce Smith, Supervisor, Pupil Appraisals Services, Richland Parish School Board, 318.728.5964 ext. 243.

IV. Other Information

Visitors to Schools

Parents and others are welcomed and encouraged to visit schools at appropriate times. Special programs and visiting days may be planned throughout each school year to provide opportunities for such visits. All visitors must report to the principal's office immediately upon coming onto school grounds. They must sign in and out, indicate the purpose of the visit, and wear the visitor's badge issued to them. Principals are responsible for establishing procedures within their schools that will ensure the proper protection of instructional time and the welfare of students and staff. Principals are authorized to take the necessary steps in dealing with unauthorized visitors.

Emergency Procedures

Special drill activities are planned by the principal and faculty of each school to ensure the orderly movement/evacuation of students and staff to the safest area, in the event of an emergency. Students and staff are informed of escape routes. A map is displayed in each room specifying the routes and procedures for evacuating the building.

The board authorizes the superintendent/designee to close any and all schools when prevailing or potential hazards threaten the safety and well-being of students, staff, or school property. Announcements and news releases to the media concerning such closing(s) are made by the superintendent/designee. The Richland Parish School Board provides a comprehensive plan for evacuation of schools in the event of a disaster. In cooperation with the local police and fire departments, 911 Call Center, and the Richland Office of Emergency Preparedness, the plan includes all centers and schools located in Richland Parish. All principals and center directors are responsible for informing their teachers and staff of the details and procedures of

the evacuation plans. A map and details of the evacuation plan are kept in the office of the principal and/or center director, and a copy is given to the law enforcement officer that arrives for the escort of the evacuation.

Child Nutrition Program

The Richland Parish School System participates in the Community Eligibility Program (CEP) which provides all Richland Parish students free, nutritious school meals.

Physician Ordered Diets

Any child with a food allergy, diabetes, chewing/swallowing disorders, or any serious medical condition may receive a food substitution with a physician's order, which includes the following information:

1. Name of the child.
2. Name of the condition.
3. Name of school.
4. Specifics concerning diet changes.
5. Dated signature of M.D., D.O., or dentist (from Louisiana or adjoining states) or a Louisiana licensed nurse prescriber. This order must be renewed at the beginning of each school year and updated as often as necessary.

Richland Parish School District Public Notice Education Rights of Homeless Children and Youth

The school district is actively seeking to enroll children and youth who are homeless. If you are homeless or know of a child or youth that is homeless and not attending school, please contact the following person who will provide information and assistance during the enrollment process:

Local Liaison Name: Aleasha Waller

Telephone: (318) 728-5964 ext. 232

School Address: Richland Parish School Board. 411 Foster Street Rayville, LA 71269

Who is considered "homeless"?

Any child or youth not attending school who lacks a fixed, regular, and adequate nighttime residence is considered homeless and includes those who are sharing housing with others due to loss of housing or economic hardship. It also includes children and youth who are living in hotels, camping grounds, emergency shelters, cars, bus or train stations, or other similar settings. If you are not sure, please call.

What are the education rights of homeless children and youth?

Our schools provide equal and comparable access to all students regardless of their home living situation. Homeless children and youth have specific rights that include:

- a. Immediate enrollment in school and, when desired or feasible, at the "school of origin."
- b. Prompt provision of necessary services such as transportation and meal programs.
- c. Appropriate support services and programs for which they are eligible such as programs for gifted, children with disabilities, vocational education, preschool.
- d. Academic assistance through the district's federally funded Title I program.
- e. Parent or guardian involvement in school activities.

What is the "school of origin"?

The term 'school of Origin' means the school the child or youth attended when permanently housed or the school in which the child or youth was last enrolled. It is the district's responsibility to consider the best interests of the child or youth when making a decision regarding what school to attend. Consideration must be given to placement at the school of origin unless doing so is contrary to the wishes of the parent or guardian.

What if there is disagreement regarding school placement?

The parent, guardian or unaccompanied youth (a youth not in the physical custody of a parent or guardian) may appeal the placement decision if the district makes a placement in a school other than the school of origin or a school requested by the parent, guardian or unaccompanied youth. The student will be immediately enrolled in the school in which enrollment was requested by the student or parent while an appeal is pending. The person indicated above will provide information and assistance regarding such an appeal.

No Child or Youth Should Be Denied Access to a Free and Appropriate Public Education

What Every Parent Needs to Know about Title I

What is the Every Student Succeeds Act (ESSA)?

ESSA is the reauthorized version of the Elementary and Secondary Education Act (ESEA), signed into law in 2015 by President Barack Obama.

- Represents an important step forward to improve the nation's education system.
- Gives states the authorization to identify their own goals to address proficiency on tests, English-language proficiency and graduation rates.
- The law maintains the annual testing requirement for Reading and Math in grades 3-8 and in high school, and grade-span testing in Science. It also maintains subgroup reporting and a 95 percent testing requirement.
- Provides more authority to states and limits federal mandates while maintaining a shared framework for K-12 accountability.

Section 1116. Parent and Family Engagement:

- All Title I schools must allocate at least one percent of the Title I budget towards programs, activities, and procedures for parent and family engagement.
- Each school shall jointly develop with, and distribute to, parents and family members of participating children a written Parent and Family Engagement Plan.

The plan shall describe the means for carrying out the following requirements:

- Convene an annual meeting to inform parents of their school's participation in the Title I Program, explain the requirements of the program, and the right of the parents to be involved;
- Offer a flexible number of meetings, such as meetings in the morning or evening;

- Involve parents, in an organized, ongoing, and timely manner, in the planning, review, and improvement of programs, including the planning, review, and improvement of the school Family Engagement Plan, the School-Parent Compact, and the joint development of the school-wide program plan (School Improvement Plan [SIP]); and
- Provide parents of participating children with timely information.

What is Title I?

- Title I is the major component of the Elementary and Secondary Education Act (ESEA) and the largest federal assistance program for our nation's schools.
- The goal of Title I is a higher quality of education for every child.
- The program serves millions of children in elementary and secondary schools each year.

How Does Title I Work?

- Title I funding flows from the U.S. Department of Education (as appropriated by Congress) to the Louisiana Department of Education (LDOE).
- The LDOE allocates funds to Richland Parish Public Schools (RPPS).
- The school district disburses Title I funding based on the number of low-income children.
- Title I schools spend the funds allocated based on formalized School Improvement Plans approved by RPPS and LDOE. Richland Parish schools implement a Title I School-wide Program.

Title I School-wide Program

Title I funds may be used in combination with other federal, state and local funds in order to upgrade the entire educational program of a school. However, funds allocated to the Title I Program may not be used to fund other programs.

What is the purpose of the program?

- Improve the academic performance of low-achieving students and all other students in the school by working to improve the entire educational program.

Who is served?

- All students in the school are served as funds are used to upgrade the entire educational program.

Title I Programs Provide Supplemental Support

- Parental Involvement Activities; and/or
- Additional teachers;
- Additional training for school staff;
- A variety of supplemental materials and equipment

Who Decides How Funds Are Used?

SCHOOLS BILLING MEDICAID

Questions and Answers for Families

Why do schools bill Medicaid?

The Individuals with Disabilities Education Act (IDEA) allows some health and medical services to be covered by Medicaid. When it is possible, school districts bill Medicaid and receive partial reimbursement for health services provided.

What can schools bill Medicaid for?

School districts can only bill for medically related services that are specified in the student's IEP. In general, services for which a school district may bill Medicaid are: audiology services, occupational therapy, physical therapy, speech therapy, behavioral health services, nursing services and specialized transportation.

Will my child's Medicaid benefits outside of the school be affected if the school district bills Medicaid?

No, there is no maximum on benefits for a child with a disability. Allowing the school district to bill for these services will not impact your Medicaid limits for any other services billed by a private provider. Medicaid services received outside of school and your child's IEP are authorized separately.

What do school districts do with the money they receive from Medicaid?

Money that school districts receive helps to compensate for the rising cost of health services and can be spent on hiring additional staff, health related equipment, and supplies.

Does the school district need my consent to bill Medicaid?

Yes, school districts are required by IDEA to obtain parental consent to disclose your child's information and bill Medicaid for services.

If I refuse, will my child receive his/her health related service?

Yes. School districts are required to provide all IEP services even if they cannot bill Medicaid, but remember, your consent provides the school with additional monies to enhance services provided to students with disabilities.

Initial Notice and Consent Regarding Medicaid Reimbursement

NOTICE

The Louisiana Department of Health and Hospitals (DHH) Medicaid program allows school districts to request reimbursement for costs associated with provision of certain IEP related services. These services include occupational and physical therapy, speech pathology, behavioral health services, nursing services, and special transportation. Schools are required to provide notice and to obtain consent from a parent before accessing a child's Medicaid benefits.

Richland Parish School Board seeks your consent to disclose personally identifiable information about your child to Louisiana Medicaid to access reimbursement for the IEP/Medicaid covered health services that are provided at school. In order to submit claims for IEP/Medicaid covered services, the following types of records may be required: child's full name, address, date of birth, Medicaid ID, disabilities, types of services and dates of services delivered. This disclosure of information to Louisiana Medicaid and its affiliates and access to Medicaid reimbursement for the school district shall not result in any decrease in available lifetime Medicaid coverage, result in any cost to you or your family, increase any premiums or lead to the discontinuation of your child's benefits or insurance or create any risk of loss of your child's eligibility for home and community-based waivers based on total health-related expenditures.

You may withdraw this consent in writing at any time. If you refuse consent or withdraw consent to allow access to the Medicaid benefits, it will not relieve the school system of its responsibility to ensure that all required IEP services are provided at no cost to your child.

My son or daughter, who has signed above, understands the rules that he or she is to follow in using the Richland Parish School Board Technology System at school. I have talked to him/her to make sure that the rules are understood. I understand that the use of the internet has opened up vast resources for school entities in Richland Parish and throughout the United States. I understand that students now have opportunities to access research databases that heretofore were unavailable to many schools. I understand that the Richland Parish School Board Technology System opens up the possibility of students having access to possibly defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or illegal material by "surfing through the Internet." The Richland Parish School Board will use its best efforts as required by the Children's Internet Protection Act (CIPA), including filtering software, in order to limit such access and to restrict it to only those areas of educational value. However, I understand that no matter how much supervision and monitoring the Richland Parish School Board can utilize, there will always be the possibility of my child coming into contact with these sites. Notwithstanding this fact, I recognize the importance of my child becoming technologically aware in an increasingly technological society, and I consent to the use of the Richland Parish School Board Technology System when my child uses it while on school property. I also understand that if I do not wish to consent to the use of my child's photos and/or work for publishing on the district's website, as well as in district or local media publications, I should contact the school to refuse consent.
