

2023-2024 Pupil Progression Plan

Local Education Agency:

RICHLAND PARISH SCHOOL BOARD

Background and Purpose

Louisiana state law (R.S. 24.4) requires local education agencies (LEAs) to establish a comprehensive Pupil Progression Plan based on student performance on the Louisiana Educational Assessment Program with goals and objectives that are compatible with the Louisiana Competency-Based Education Program and which supplements the minimum standards approved by the State Board of Elementary and Secondary Education (BESE). **The plan shall address student placement and promotion** and shall require the student's mastery of grade-appropriate skills before he or she can be recommended for promotion.

The law states that "particular emphasis shall be placed upon the student's proficiency in grade-appropriate skills which may be considered in promotion and placement; however, each local school board shall establish a policy regarding student promotion and placement." The law goes on to require the state Department of Education to establish, subject to the approval of BESE, the level of achievement on the fourth and eighth grade LEAP test in mathematics, English language arts, science, and social studies needed for students to advance to grades five and nine. BESE must also determine the nature and application of various intervention options to be used when students fail to meet the minimum academic standards approved by the board.

BESE established minimum standards in [*Bulletin 1566 – Pupil Progression Policies and Procedures*](#).

The purpose of this document is to assist LEAs in developing their required Pupil Progression Plan in accordance with applicable laws and regulations, and to codify LEA policies and procedures related to student placement and promotion. In each section of this document, language that conforms to applicable laws and regulations has been pre populated. Space is provided for LEAs to add any additional local policies and procedures that fulfill the mandate of the law and support students in acquiring proficiency in grade-appropriate skills. Once completed, submitted to the Louisiana Department of Education, and published locally, teachers shall determine promotion or placement of each student on an individual basis. LEAs may review promotion and placement decisions in order to ensure compliance with their established policy, and reviews may be initiated by a school's governing body, the local superintendent, or a student's parent or legal custodian.

Questions about this document should be directed to PPP@La.Gov

XIII - XVI: Additional LEA Policies Related to Student Placement and Promotion, Literacy Assessment, Grading, School Building Level Committee, Attendance, Credit Recovery, Academic Credit Policy, Retention, 8th grade Algebra I	21 - 34
XIV: LEA Assurances and Submission Information	35

I. Placement of students in kindergarten and grade 1

Kindergarten

For the 2023-2024 school year, the parent or legal guardian of a child who resides in Louisiana and who is age five by September thirtieth of the calendar year in which the school year begins through eighteen shall send the child to a public or nonpublic school, as defined by R.S. 17:236, unless the child's parent or legal guardian opted to defer enrollment of his child in kindergarten pursuant to R.S. 17:151:3 (D) or the child graduates from high school prior to his eighteenth birthday. A child below the age of five who legally enrolls in school shall also be subject to the provisions of this Subpart.

Grade 1

Any child admitted to kindergarten pursuant shall be eligible to enter first grade upon successful completion of kindergarten and shall have satisfactorily passed an academic readiness screening, provided all other applicable entrance requirements have been fulfilled.

The age at which a child may enter the first grade of any public school at the beginning of the public school session shall be six years on or before September thirtieth of the calendar year in which the school year begins.

Any child transferring into the first grade of a public school from another state and not meeting the requirements herein for kindergarten attendance shall be required to pass an academic readiness screening administered by the LEA prior to the time of enrollment for the first grade.

In the space below, please describe any additional placement considerations or policies required by the LEA. Include the names of any required assessments and explain how results will be used.

In order for a child to enter Grade 1, he/she must have attended a full year of kindergarten and met parish standards for promotion. The kindergarten standards are aligned to a Tier I curriculum. Kindergarten students receive on level instruction and are graded each grading period according to parish grading policy. Promotion to 1st grade is based on the average of grades for both the 1st and 2nd semesters of the school year earned in ELA and Math.

II. Promotion for students in kindergarten and grades 1, 2, 5, 6, and 7

Teachers shall, on an individual basis, determine the promotion of each student according to the local Pupil Progression Plan. Particular emphasis shall be placed upon the student's proficiency in grade-appropriate skills.

In the space below, please describe the LEA's policies and procedures that will be used to determine promotion for students in Kindergarten and Grades 1, 2, 5, 6, and 7.

1. Grades K, 1, and 2

To be eligible for promotion, kindergarten, first and second grade students must successfully complete the following:

- a. Students must be present the required number of minutes/days.
- b. Students must pass ELA and Mathematics.

* Numerical grades will be given each six weeks period. The average of both semester grades will determine promotion.

2. Grades 5, 6, and 7

To be eligible for promotion, grade 5, 6, and 7 students must successfully complete the following:

- a. Students must be present the required number of minutes/days.
- b. Students must pass ELA and Mathematics
- c. Students must not fail three or more subjects.

III. Promotion of students in grade 3

Each LEA shall identify third grade students who have not met an acceptable level of performance that would enable them to successfully transition to the next grade level. Third grade students who have not met the acceptable level of performance may be retained or promoted, but in either case, shall be provided with an individual literacy plan that adheres to the following requirements:

- The school shall convene an in-person meeting with the student's parent or legal custodian, all teachers of core academic subjects, and specialized support personnel, as needed, to review the student's academic strengths and weaknesses relative to literacy, discuss any other relevant challenges, and formulate an individual academic improvement plan designed to assist the student in achieving proficiency in literacy. All participants shall sign the documented plan, using a template provided by the department, and shall meet to review progress at least once more before the next administration of the LEAP assessment.

- The student shall be provided with focused literacy interventions and supports based on the science of reading designed to improve foundational literacy.
- The student shall be identified as requiring an academic improvement plan in the state Student Information System (SIS).
- The student shall be afforded the opportunity to receive on-grade level instruction and focused literacy interventions based on the science of reading during the summer.
- Each LEA shall adopt a written policy pertaining to the development of the individual student literacy plan. This policy shall be included in the Pupil Progression Plan of the IEA and could include the following specific student supports: daily targeted small-group interventions, before and after school literacy intervention provided by a teacher or tutor with specialized literacy training, and at-home literacy programs that include literacy workshops for the parents and legal guardians of students and web-based or parent-guided home literacy activities.
- The Department may audit a random sampling of students identified as needing an individual academic improvement plan in each local education agency each year.

The LDOE will provide to each LEA a roster of third grade students who have been identified for the purposes of this section. Such a roster will assist the LEA in making final determinations relative to students' required individual academic plans.

- The decision to retain a student as a result of his/her failure to achieve the standard on the LEAP shall be made by the LEA in accordance with this pupil progression plan.
- The individual literacy plan shall continue to be in effect until such time as the student achieves a score of "Basic" in each of the core academic subjects that initially led to the development of the student's individual plan.

In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of the third grade.

In compliance with the 2022-2023 Pupil Progression Plan, for the 2023-2024 Plan, select students shall be afforded the opportunity to receive grade-level instruction during the summer. This instruction will be provided by certified teachers. Targeted students, who have failed ELA and/or Mathematics, must attend the Richland Learning Camp (RLC) summer program, with no more than two (2) accrued excused absences. At the end of camp, the School Building Level Committee (SBLC) will analyze student attendance data and pre and post assessments, to evaluate student growth to determine eligibility for promotion. The RLC will be a summer staple, contingent, however, on the availability of funds.

IV. Promotion of students in grade 4

Each LEA shall identify fourth grade students who have not met an acceptable level of performance that would enable them to successfully transition to the next grade level. Fourth grade students who have not met the acceptable level of performance may be retained or promoted, but in either case, shall be provided with an individual academic improvement plan that adheres to the following requirements:

- The school shall convene an in-person meeting with the student's parent or legal custodian, all teachers of core academic subjects, and specialized support personnel, as needed, to review the student's academic strengths and weaknesses, discuss any other relevant challenges, and formulate an Individual Academic Improvement plan designed to assist the student in achieving proficiency in all core academic subjects. All participants shall sign the documented plan and meet to review progress at least once more before the next administration of the LEAP assessment.
- The student shall be provided with focused, on-grade level instructional support that is appropriate to the content area(s) in which the student has not yet achieved proficiency. Instruction shall be aligned with state academic content standards.
- The student shall be identified as requiring an academic improvement plan in the state Student Information System (SIS).
- The student shall be afforded the opportunity to receive grade-level instruction during the summer.
- Each LEA shall adopt a written policy pertaining to the development of individual academic improvement plans. This policy shall be included in the Pupil Progression Plan.
- The Department shall audit a random sampling of students identified as needing an individual academic improvement plan in each local education agency each year.

The LDOE will provide to each LEA a roster of fourth grade students who have scored below the "Basic" achievement level in at least two core academic subjects. Such a roster will assist the LEA in making final determinations relative to students' required individual academic plans.

- The decision to retain a student as a result of his/her failure to achieve the standard on the LEAP shall be made by the LEA in accordance with this pupil progression plan.
- The individual academic improvement plan shall continue to be in effect until such time as the student achieves a score of "Basic" in each of the core academic subjects that initially led to the development of the student's individual academic plan.

In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of the fourth grade.

In an effort to comply with 2023-2024 Pupil Progression Plan, select students shall be afforded the opportunity to receive grade-level instruction during the summer. This instruction will be provided by certified teachers. Targeted students, who have failed ELA and/or Mathematics, must attend the Richland Learning Camp (RLC) summer program, with no more than two (2) accrued excused absences. At the end of camp, the School Building Level Committee (SBLC) will analyze student attendance data and pre and post assessments, to evaluate student growth to determine eligibility for promotion. The RLC will be a summer staple, contingent, however, on the availability of funds.

To be eligible for promotion, grade 4 students must successfully complete the following:

- a. Students must be present the required number of minutes/days
- b. Students must pass ELA and Mathematics
- c. Students must not fail three or more subjects.

V. Promotion and support of students in grade 8 and high school considerations

Regular Grade 8 Promotion

Eighth grade students shall score at least at the “Basic” achievement level in either English language arts or mathematics and “Approaching Basic” in the other subject in order to be promoted to the ninth grade. Students who do not meet the promotion standard after taking the eighth grade state assessments may be placed on a high school campus in the transitional ninth grade. For any student who recently completed the eighth grade and is transferring into the LEA from another state or country, the LEA shall review the student’s academic record to determine appropriate placement in ninth grade or transitional ninth grade. Such placement shall occur no later than October 1 of each school year.

Grade 8 Promotion Waivers

An LEA, through its superintendent, may grant a waiver on behalf of individual students who are unable to participate in LEAP testing or unable to attend LEAP summer remediation, including summer remediation required for placement in transitional ninth grade, because of one or more of the following extenuating circumstances as verified through appropriate documentation:

- *Physical Illness*—appropriate documentation must include verification that the student is under the medical care of a licensed physician for illness, injury, or a chronic physical condition that is acute or catastrophic in nature. Documentation must include a statement verifying that the illness, injury, or chronic physical condition exists to the extent that the student is unable to participate in remediation.
- *Custody Issues*—certified copies of the court-ordered custody agreements must be submitted to the LEA at least ten school days prior to summer remediation

Transitional 9th Grade

Any first-time eighth grade student who does not meet the passing standard set forth in BESE Bulletin 1566, §703, and any student not eligible for any waiver pursuant to §707 of the bulletin, after completing summer remediation, may be placed on a high school campus in transitional ninth grade.

LEAs shall follow the guidelines set forth in §703 to determine, based on evidence of student learning, whether eighth grade students may be promoted to the ninth grade or placed on a high

school campus in transitional ninth grade. The percentage of an LEA's eighth graders placed in transitional ninth grade is expected to remain stable over time. In the event that the percentage of an LEA's eighth graders placed in transitional ninth grade exceeds the percentage of eighth graders in that LEA eligible for transitional ninth grade at the conclusion of the prior school year, the local superintendent of that LEA shall provide a written justification to the state superintendent.

The initial decision to place a student in the transitional ninth grade or to retain a student in the eighth grade shall be made by the school in which the student is enrolled in the eighth grade, in consultation with the student's parents.

The LEA shall admit transitional ninth grade students, subject to any admissions requirements approved by the school's governing authority or charter authorizer.

For any student who recently completed the eighth grade from another state or country and is transferring into the LEA after summer remediation has taken place, the LEA shall review the student's academic record to determine appropriate placement in ninth grade or transitional ninth grade. Students placed in the transitional ninth grade shall complete the remediation program offered by the LEA. Such placement shall occur no later than October 1 of each school year.

After one full year of transitional ninth grade, students shall be included in the ninth grade graduation cohort for high school accountability purposes.

Students enrolled in transitional ninth grade shall receive appropriate academic supports in any subjects in which they did not score at or above proficient, as determined by BESE. A plan outlining such academic supports shall be included in the student's individual graduation plan (IGP). Progress pursuant to such specified academic supports shall be reviewed at least once throughout the school year in order to determine effectiveness and any needed adjustments.

In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of the eighth grade.

To be eligible for promotion, grade 8 students must successfully complete the following:

- a. Students must be present the required number of minutes/days.
- b. Students must pass ELA and Mathematics
- c. Students must not fail three or more subjects.

High school promotion and transition considerations

Instructional Minutes: When awarding credit based on instructional time, LEAs shall provide a minimum of 7,965 instructional minutes for one Carnegie credit, and students shall be in attendance for a minimum of 7,515 minutes. In order to grant one-half Carnegie credit, LEAs

shall provide a minimum of 3,983 instructional minutes, and students shall be in attendance for a minimum of 3,758 minutes.

Individual Graduation Planning: By the end of the eighth grade, every student (with the assistance of his parent or other legal custodian and school guidance personnel, counselor) or IEP team (when applicable) shall begin to develop an [Individual Graduation Plan](#) (IGP). An IGP guides the next academic year's coursework, assisting students in exploring educational and career possibilities and in making appropriate secondary and postsecondary education decisions as part of an overall career/post-secondary plan.

Financial Aid Planning: Louisiana requires public school students graduating spring 2018 and beyond to take one of the following steps as part of their Individual Graduation Plan:

- [Complete the FAFSA](#); or
- [Complete the Louisiana TOPS form](#); or
- Certify a waiver in writing to the LEA (sample: [non-participation LEA form/Letter](#)); or
- Receive a waiver through the district hardship waiver process.

Early Graduation: Each LEA shall develop an early graduation program allowing students to accelerate their academic progress, complete all state graduation requirements, and receive a high school diploma in less than four years.

- The early graduation program may include distance education (§2326), dual enrollment (§2327), and Carnegie credit and credit flexibility (§2314).
- LEAs shall not have any policies or requirements that would prevent students from graduating in less than four years.

Credit Recovery Courses and Units

1. Beginning in 2020-2021, the LEA credit recovery program and policy will be included in the local pupil progression plan submitted to LDE.
2. Students may earn a maximum of seven credit recovery units that may be applied towards diploma graduation requirements and no more than two Carnegie units annually. The school system must annually report to LDE the rationale for any student:
 - a. Receiving more than two credit recovery credits annually: and/or
 - b. applying more than seven total credit recovery Carnegie units towards graduation requirements.
3. Students earning Carnegie credits in a credit recovery course must have previously taken and failed the field. Previously attempted coursework is considered an academic record and must be recorded on the official transcript.

4. Completed credit recovery courses must be recorded and clearly labeled on the official transcript.
5. Students enrolled in credit recovery courses are not required to meet the instructional minute requirements found in §333.A of this Part.
6. Credit recovery courses must be aligned with state content standards and include a standards aligned pre-assessment to identify unfinished learning and a standards aligned post-assessment to demonstrate course proficiency for content identified as non-proficient.
7. Credit recovery courses taught in a classroom setting using online courses designed for credit recovery must have an assigned certified Louisiana teacher of record or certified teacher of record recognized through a state reciprocity agreement facilitating the instruction.
8. The end-of-course exam weight in a student's final grade determined by the LEA must be the same for a traditional course and a credit recovery course. Students who have previously passed the end-of-course exam, but have failed the course, may choose to retain the previous end-of-course exam score in lieu of participating in an additional administration of the exam.

NCAA Update

Nontraditional courses are taught online or through distance learning, hybrid/blended, independent study, individualized instruction, correspondence or similar means.

Generally, for a nontraditional course to count as an NCAA-approved core course, it must meet all of the following requirements:

- The courses must meet all requirements for an NCAA-approved core course.
- All students in the course must have regular instruction-led interaction for the purpose of instruction, evaluation and assistance for the duration of the course. This may include, for example, exchanging emails between the student and teacher, online chats, phone calls, feedback on assignments and the opportunity for the teacher to engage the student in individual or group instruction.
- The courses must have a defined time period for completion. For example, it should be clear how long students are required to be enrolled and working in the course and how long a school would permit a student to work on a single nontraditional course.
- Student work (e.g., exams, papers, assignments) must be available for evaluation and validation.

- The course should be clearly identified as nontraditional on the student's official high school transcript.
- The courses must have a defined time period for completion. This means the nontraditional program must identify the fastest and slowest paths to successfully complete a course.

A nontraditional course may not be approved for any of the following reasons:

- Does not have teacher-based instruction.
- Does not require regular and ongoing instructor-led interaction between the student and teacher.
- Does not require students to complete the entire course.
- Does not prepare students for four-year college class work.
- Does not have official student grade records.
- Does not meet NCAA core-course requirements.

Note: See Nontraditional Course (NCAA Bylaw 14.3.1.2.2) for a complete list of requirements.

If a nontraditional course or program at your school/district has not yet been reviewed by the NCAA, please contact Eligibility Center Customer Service staff at 877-622-2321, 8:30 a.m. to 5:00 p.m. Eastern Time Monday-Friday to begin the review process. For information on how COVID-19 has impacted nontraditional and online classes, visit on.ncca.com/COVID19_Spring2023

Credit recovery programs

Many high schools offer credit recovery or credit retrieval programs for students to receive credit for a course they previously failed.

These courses are also reviewed by the High School Review staff. For a credit recovery program to be approved, the course must meet the following requirements:

1. The course must meet NCAA core-course requirements and, in some instances, nontraditional course requirements.
2. The high school must follow its credit recovery policies, regardless if the student is an athlete. The Eligibility Center may request the high school's policy, if necessary.
3. Repeated courses must be substantially comparable, qualitatively and quantitatively, to the previous attempted course.

Information for school administrators

If a nontraditional course or program at your school has not yet been reviewed by the NCAA, please contact the [NCAA Eligibility Center](#) to begin the review process.

In the space below, please describe any local policies or additional considerations used to ensure that online classes meet NCAA requirements.

In the interest of consideration and adherence to NCAA requirements for online classes, all responsibilities are dedicated to the School Building Level Committee (SBLC) that will follow all regulations related to online classes given by the NCAA.

VI. Placement of transfer students

- The local school board shall establish written policies for the placement of students transferring from all other systems and home schooling programs (public, nonpublic, both in and out-of-state, and foreign countries).
- Students in grades 5 and 9 transferring to a public school from any in-state nonpublic school (state-approved and not seeking state approval), any approved home study program, or Louisiana resident transferring from any out-of-state school, shall be administered the English language arts and mathematics portions of the LEAP placement test. Students who have scored below the “basic” achievement level shall have placement and individual academic supports addressed in the same manner as non-transfer students in accordance with §701 and §703.
- Any child transferring into the first grade of a public school from out of state and not meeting the requirements for kindergarten attendance shall be required to pass an academic readiness screening administered by the school system prior to the time of enrollment for the first grade, in accordance with the state law.

In the space below, please describe any additional considerations or local policies related to placement of transfer students.

- Approved schools within the state (public/nonpublic)

Grade placement and Carnegie units are accepted as transferred. Students that are entering and who have not taken the state test or a nationally recognized test must take and English Language Arts and Mathematics assessment. Decision of placement is determined by SBLC using the assessment, grades, and transcripts from exiting school.

- Approved out-of-state schools (public/nonpublic)

Grade placement and Carnegie units are accepted as transferred. A 4th or 8th grade student that transfers to a Richland Parish School before spring test administration of the state assessments must take and pass the spring state English Language Arts and Mathematics assessment. A 4th or 8th grade student who transfers to Richland Parish School after administration of the state test but before the end of the school year must have passing grades in ELA and Math.

- Home Study and Unapproved schools (public/nonpublic)

First grade students would take the Richland Parish Kindergarten Exit Test. Students transferring from unapproved schools and home study may be required to take a placement test to determine grade placement in grades 2, 3, 4, 5, 6, 7, and 8. Students entering in grades 5 and 9 would be required to take a placement test for state assessments in ELA and Math. Decision of placement is determined by the SBLC.

VII. Support for students

School year support

- The LEA will develop an individual academic plan for each student identified in §701 of BESE Bulletin 1566 will outline the responsibilities of each party for students who have failed to achieve the standards by the end of fourth grade.
- The LEA will design and implement additional instructional strategies to move the students to grade-level proficiency by providing at least two of the following, which will be documented in the individual academic improvement plan:
 - The student is placed in the classroom of a teacher who has been rated “Highly Effective” pursuant to his/her most recent evaluation or has achieved a value-added rating of “Highly Effective” pursuant to his/her most recent evaluation, or has documented evidence derived from state summative assessments of improving the academic performance of students having individual academic improvement plans in the past.
 - The student completes summer remediation.
 - Additional instructional time is provided during or outside of the school day to expose the student to high-quality instruction. This will not result in a student being removed from English language arts, mathematics, science, or social studies courses.
 - The student is provided access to on grade-level instruction that is aligned to Louisiana State Standards, which may include some below grade-level content and support needed to address the student’s identified weaknesses.
 - Remediation programs used throughout the school day and school year will not account for more than 35 percent of total instructional minutes.

The LEA will offer, at no cost, extended, on-grade level instruction through summer remediation to students who did not take the spring LEAP tests or who failed to meet the standard set forth in §701 and §703 of BESE Bulletin 1566. The LEA will provide transportation to and from the assigned remediation summer site(s) from, at a minimum, a common pick-up point. Students with disabilities attending summer remediation will receive special support as needed.

Summer remediation

Pursuant to state law (R.S. 17:24.4), LEAs shall continue to offer summer remediation to any student not meeting promotion standards as determined by BESE. Summer remediation programs will meet all of the following requirements:

- Uses curriculum determined by the Louisiana Department of Education to fully align to Louisiana State Standards (Bulletin 141 – *Louisiana Standards for English Language Arts*, Bulletin 142 – *Louisiana Standards for Mathematics*, Bulletin 1962 – *Louisiana Science Content Standards*, and Bulletin 1964 – *Louisiana Social Studies Content Standards*).
- Utilizes teachers rated “Highly Effective” pursuant to the teacher’s most recent evaluation or have achieved a value-added rating of “Highly Effective” on the most recent evaluation.
- Limits remedial (below grade-level) instruction to only necessary and focused skills as identified from top-quality assessments and does not account for more than 35 percent of the total summer remediation instructional time.

VIII. Support Standards for Grades Kindergarten-3

- Beginning with the 2022-2023 school year and every year thereafter, each local education agency shall identify all students in kindergarten, first, second, and third grade who score below grade-level on the literacy assessment.
- The school shall notify the parents or legal custodian of students identified in writing regarding the student’s performance within 15 days of identification. Such notification shall
 - Provide information on activities that can be done at home to support the student’s literacy proficiency.
 - Provide information about supports and interventions that will be provided by the school to support the student’s literacy proficiency.
 - Provide a timeline for updates as a result of progress monitoring that includes a middle-of-year and end-of-year update.
 - Provide information about the importance of being able to read proficiently by the end of the third grade.
 - The school shall provide mid-year and end-of-the-year updates to the parent or legal custodian of students identified in subsection A.

IX. Literacy Support Standard for Grades 3 and 4

Beginning with the 2022-2023 school year, and continuing through the summer following the 2023-2024 school year, any student enrolled in third or fourth grade and scoring below grade-level on the end-of-the-year LDOE-approved literacy assessment shall receive a minimum of 30 hours of explicit literacy instruction inclusive of targeted interventions during the summer as set forth in §705 of BESE Bulletin 1566. The literacy instruction shall be based on the science of reading.

- No tuition or fees can be charged for the attendance of an eligible student, and transportation must be offered.

- Summer learning shall be provided by an LDOE-approved tutoring vendor or by a teacher who is enrolled in or has completed the required foundational literacy skills course required per LAC 28:XCV.509 and who has achieved a rating of “effective: proficient” or greater on the most recent evaluation.
- Students not participating in the required summer literacy interventions may be retained in the grade level during the subsequent school year. Such retention shall be included in each local pupil progression plan. A student qualifying for summer literacy interventions who fails to participate in the program but scored Basic or higher on the ELA portion of the most recent LEAP assessment may be promoted to the next grade level.
- The LEA may waive the state policy for students scoring below grade-level on the end-of-the-year LDOE-approved literacy assessment for students with an IEP at the discretion of the IEP team.
- Prior to retaining a student pursuant to this Section, a meeting of the SBLC committee may be called by the school or parent to determine whether retention or another option for additional student support is in the best interest of the student.

X. Promotion and placement of certain students populations

Students with disabilities

- Students with disabilities attending summer remediation shall receive special supports as needed.
- IEP teams shall determine promotion to the next grade level for a student with a disability who fails to meet state or local established performance standards for the purposes of promotion. Such determination shall be made only if, in the school year immediately prior to each grade level in which the student would otherwise be required to demonstrate certain proficiency levels in order to advance to the next grade level, the student has not otherwise met the local requirements for promotion or has not scored at or above the basic achievement level on the English language arts or mathematics components of the required state assessment and at or above the approaching basic achievement level on the other (Bulletin 1530 §403).

English learners

- The requirements of Title VI of the Civil Rights Act of 1964 are as follows:
 - Establish procedures to identify language minority students.
 - Establish procedures to determine if language minority students are Limited English Proficient.

- Establish procedures for age-appropriate placement and determine the specialized language services or program the district will use to address the linguistic and cultural needs of the Limited English Proficient student.
- Limited English Proficient (LEP) students shall participate in the statewide assessments pursuant to Bulletin 118. Increasing the expectations for the academic content that students must master in grades K-12 requires a parallel increase in expectations for English language acquisition.
 - Establish procedures to monitor former Limited English Proficient students for two years.
 - Ensure that no LEP student shall be retained solely because of limited English proficiency.

In the space below, please describe any local policies or additional considerations related to the promotion and placement of students with disabilities, English learners, or other student populations.

The School Building Level Committee (SBLC) may promote students with disabilities that participate in the LEAP Alternate Assessment (LEAP CONNECT) one grade level prior to October 1 of the current school year. The only exception to the October 1 date will be students transferring to Richland Parish from out of district/state after October 1. On a transfer student, the decision to promote should be made within a six week period of the transfer. Exceptions to one grade level promotions will be 4th grade repeaters who meet waiver conditions under high stake testing.

XI. Alternative education placements

Alternative schools/programs serve students who are not succeeding in the traditional educational setting and offer a venue that aids in preventing these students from dropping out of school. Alternative schools/programs provide educational and other services to students who have a variety of behavioral and other needs that cannot be adequately met in a traditional school setting. (Refer to Bulletin 741, §2903 and Bulletin 131)

In the space below, please describe the LEA's policies for placement of students in an alternative program or school, including any promotion policies that may differ from what was provided above.

List the written policies for all alternatives to regular placements.
A student 18 years of age or older who no longer attends high school classes may enroll in an adult education class of his/her choice so as to pursue a General Education Development (HiSET) diploma.

A student 17-18 years old may enroll in an adult education program if he/she has a verified hardship of the following categories: parenting or pregnant, chronic illness, institutionalized, has less than 5 Carnegie credits, incarcerated, emancipated or family/economic hardship.

Hardship must be approved by the superintendent of adult education.

Any student who is 18 years of age or older and wishes to enroll at a high school after dropping out or missing one calendar year of school must receive written permission from a committee composed of the superintendent, personnel supervisor, and secondary supervisor.

The removal of a student from the regular program is a committee decision. The committee includes the student's principal, teacher(s), and parent(s). During the committee meeting, the student's most recent record and/or evaluation is reviewed to denote the functional and expected level.

The decision for placement of an exceptional student in an alternative setting will be approved in writing by the parent. Instruction may take place in resourced room, a self-contained classroom, a special school setting, or hospital/homebound setting. Instruction may also take place in the regular classroom. The parent will be fully informed concerning this placement in an alternative setting.

Richland Parish operates an alternative to expulsion program for students who would normally be expelled from school. This school admits students in grades 3-12. Upon recommendation from the superintendent, the students are placed in the Alternative program housed on an alternative school campus. They may earn Carnegie units, or work towards promotion in the grade when removed from the regular school.

Students are recommended to adult education classes when they meet state policy requirements and it appears to be the best opportunity for the student to obtain a diploma.

The regular curriculum is taught by a classroom teacher or through online courseware such as *Edgenuity*.

XII. Due process related to student placement and promotion

In the space below, please describe the LEA's due process procedures related to student placement for regular education students, students with disabilities having an Individualized Education Program plan, and students having an Individual Accommodation/Section 504 plan.

Regular Education Students

Students, teachers, and parents shall be afforded due process regarding student placement as it relates to pupil progression. The chain of command is as follows:

1. Student
2. Parent
3. Teacher
4. Principal
5. Superintendent
6. School Board

(Richland Parish Codification Manual File JCAA)

Due process within the Richland Parish School System though a basically flexible and imprecise concept, shall be defined as fair play or fair and reasonable approaches to all areas of student governance and discipline on the parts of all school officials.

On the one hand, a general interpretation of due process in its substantive and procedural realms recognizes that students are endowed with basic constitutional rights. On the other hand, the granting of due process must recognize the distinct obligations of the board members and Richland Parish School System professional staff members to maintain within each school, and integral parts thereof, such as classrooms, gyms, cafeterias, or auditoriums, a proper atmosphere for learning; this means simply an atmosphere in which there exists no material interference of substantial disruptions of the learning process. The adherence to this obligation mandates that recognition of such substantive rights as freedom of speech, freedom of assembly, rights of privacy, freedom of the press, and related aspects of substantive law must be done with this one major parameter: that is to say, no exercise of substantive due process rights can create material interference or substantial disruption of the maintenance within each Richland Parish school of a proper atmosphere for learning.

The board recognizes that observance of applicable substantive due process entails two basic considerations in every area. These are (1) any objective sought relative to student governance must be legally defensible, i.e. based upon accomplishment of a compelling state interest as noted above; and (2) the means taken to assure such accomplishment must be within the constitutional limitations applicable to the *in loco parentis* position of the school officials within this school district. To assure compliance with these two due process aspects, the Richland Parish School Board has endorsed the following as applicable to all policies, rules and regulations since the board considers each as a means taken to accomplish the compelling state interest of maintaining a proper atmosphere for learning in each school.

The area of procedural due process within this school district shall relate primarily to the area of discipline and disciplinary measures, i.e. corporal punishment, short-term suspension and expulsion.

The degree of procedural due process afforded in each of the above situations is dependent upon two vital factors: (1) the gravity of the offense a student is alleged to have committed; and (2) the severity of the contemplated penalty. A much greater degree of procedural due process is applicable in a suspension situation than in one where the penalty is a paddling. (Compare policy coded JDA with policy JDD-short-term suspension and long-term suspension).

Under due process, each student shall be guaranteed a fair hearing, a fair trial, a fair judgement, a written record of the decision, and notice of his right to appeal.

The full scope of procedural due process shall be afforded to any student facing possible long-term suspension or expulsion (JDE). In both of these situations, the school board shall follow an adversary type procedure with legal counsel permitted, cross-examination, transcribed record of the hearing, and related safeguards noted in policies coded JDD and JDE.

While the board recognizes that the essence of corporal punishment is “swift wages for ones’ transgression,” it is likewise insistent that what few procedural safeguards are considered applicable by judicial authorities shall be provided in every school. The board is equally insistent that all corporal punishment adheres strictly to school board policies.

Policies on records and reports require that documentation of SBLC procedures and actions regarding qualified disable students under Section 504 of the Rehabilitation Act of 1973. The Richland Parish School Boards assures that these procedures do not contradict the due process rights of exceptional students as defined in the IDEA-Part B, LEA Application.

Please review the pages relative to procedural safeguards as follows:

Procedural Safeguards (34 CFR 300.237)

In the case of the exceptional student, the due process procedures must be consistent with those described in the approved individuals with Disabilities Education Act (IDEA) Part B, LEA Application.

Due process procedures for qualified disabled students must be consistent with those defined in Section 504 of the Rehabilitation Act of 1973.

All actions will be consistent with *Bulleting 1706*.

- Students with disabilities

The Richland Parish School Board assures that these procedures do not contradict the due process rights of exceptional students as defined in the IDEA-Part B, LEA Application.

- Section 504 students

Due process procedures for qualified disabled students must be consistent with those defined in Section 504 of the Rehabilitation Act of 1973.

XIII. Additional LEA policies related to student placement and promotion

In the space below, please describe any additional LEA policies related to student placement and promotion that have not been addressed in other sections of this document.

Extended Day Operation

Richland Parish Schools operate on an extended day.

The district has added 19 instructional minutes a day to increase instruction time to 379 minutes a day. This permits the reduction in the number of student days to 171 while exceeding the required 63,720 instructional minutes by a total of 1,089 minutes or 2.9 instructional days.

Each secondary one credit class on the seven period school day must meet a total of 9,103 minutes or 53 minutes per day for 171 days.

Teacher days include the 171.0 student days

- + 5.0 staff development days
- + 1.5 parent/teacher conference days
- + 0.5 spring pretest workshop days
- = 178.0 days

Scheduling

No student's schedule can be changed after October 1 of the current school year.

Changes to a high school student's schedule must be made by the end of the 3rd week of the enrolled course. Exceptions to this policy will be considered a function of the School Building Level Committee (SBLC).

Minimum Number of Grades

There will a minimum of three grades posted in JGradebook by the end of the third week of each six-weeks grading period. A minimum of six grades will be posted in JGradebook prior to the end of each six-weeks grading period. Physical education, enrichment and computer lab classes will be considered exceptions to the minimum number of grades listed above. For English Language Arts spelling can only count for 1/5 of the total ELA grade. For graduating seniors, during the sixth six-weeks, a senior will receive a minimum grades equivalent to the number of weeks attended for the six-weeks prior to graduation. *Edgenuity* courses will follow the number of grades listed under *Edgenuity* Courses.

Accelerated Reader (AR)

Accelerated Reader (AR) shall not be used as a grade.

Students Attending Summer School outside Richland Parish

Parents of Richland Parish students should meet with and receive approval from the School Building Level Committee (SBLC) prior to their child's attending summer school outside the district to recover credit for failing grades or for a failed course. Failure to receive approval may lead to rejection of completed summer school for credit recovery. Only the SBLC can approve credit recovery or the promotion status of students.

Online Coursework

Online coursework is now offered through *Edgenuity* and *eDynamic Learning*.

Pacing:

The calendar for an *Edgenuity* or *eDynamic* course will follow a semester or full year plan, i.e., each six weeks a student should complete approximately $\frac{1}{6}$ th of the course (or $\frac{1}{3}$ if a semester course).

Lessons, Quizzes, and Tests:

Students can work on *Edgenuity* or *eDynamic* lessons and quizzes at home or in the classroom. Students can ONLY take tests/cumulative exams at school.

Grades:

The *Edgenuity* and *eDynamic Learning* program keeps a running grade average that is based on the student's current level of completion and proper pace in the course. For each grading period (progress reports and report cards) the current average (actual grade) will be recorded by the teacher into the Jpams system.

In order to receive full credit for a course in *Edgenuity* or *eDynamic Learning*, a student must complete 100% of the course with a passing grade.

XIV. Additional LEA Policies related to Literacy Assessment

1. Beginning with the 2023-2024 school year, all kindergarten through grade 3 students will be assessed using the Dibels8-mCLASS. The mCLASS tool is aligned to the Science of Reading. Students will be assessed three times per year; beginning, middle, and at the end of the year. Dibels8-mCLASS provides interventions, automatically groups students, and gives prescriptive steps for interventions, including progress monitoring. Prescriptive interventions will be provided for every student, every 8-10 weeks.

Student performance results are described in four color-coded levels. These are: **Blue** = Above Average, **Green** = On Level, **Yellow** = Strategic, and **Red** = Intensive. All students will receive prescriptive interventions and progress monitoring, however, students who have scored at the Strategic and Intensive levels, will receive prescriptive interventions more frequently.

2. The Beginning of the Year (BOY) assessments will begin on September 1, 2023. By October 13, 2023, parents will be notified by letter regarding their child's performance. Parents will be provided activities that can be used at home that will support the interventions, via the parent information letter. Pamphlets that encourage the importance of being able to read by the end of the third grade, with the attached family-fun reading activities, will be mailed to each parent. These activities will be discussed and demonstrate on Family Literacy Night, which will be held at each elementary school once a semester.
3. Literacy Coaches, on a daily basis, will be involved with these activities as well, as they provide support to teachers in the classroom. The Literacy Coaches will also be working with students who have been found to be at literacy risk, as well as those students who are on level to further accelerate their reading level.
4. This process will be repeated during the Middle of the Year (MOY), January 8, 2024 through January 22, 2024, and at the End of the Year (EOY), April 1, 2024 through May 6, 2024.

XV. Additional LEA policies related to Grading

1. The Richland Parish School Board will continue to comply with the uniform grading system for all students for all students enrolled in grades K-12, for which letter grades are used. [.S. 17:7 (31) (A)] Bulletin 741 – Section 2302 – Uniform Grading Policy. The LEA has discovered the difficulty in which students encounter when trying to increase a very low numeric grade (ex. 1-49=F) to the lowest possible grade (74=D). Typically students who are given such low grades at the beginning of a six weeks, or at any intermittent period, consistently will give up on attaining a passing grade due to feeling a sense of defeat and loss of hope to pass. In an effort to give every student who is struggling, while putting forth observable effort a chance at passing a course, no student shall receive a test grade lower than 50, without and accompanied restorative action plan. This plan may include, but is not limited to the following:
 - a. Extra Intentional Help
 - b. Extra Assignments Given
 - c. In School/After School Tutoring
 - d. Test Re-Take(s)
 - e. Parent Conference(s); giving parents information on tests/quizzes
 - f. Change in Test Design/Using Alternative methods for completing task/assignments
 - g. Incorporate Positive Behavior Reinforcements
 - h. Counseling
 - i. Discover Internal Motivations
 - j. Possible Referral to SBLC/504 Committee
2. A student can be given the actual numerical grade earned, if these behaviors are exhibited and documented in the classroom:
 - a. Habitually sleeping in class (no documentation of an illness or medical condition)
 - b. Student exhibits no effort (head on desk, refusal to test)
 - c. Consistently turns in blank test

Uniform Grading Policy

LEAs shall use the following uniform grading system for students enrolled in all grades K-12 for which letter grades are used. [R.S. 17:7(31)(A)] (Bulletin 741 §2302.Uniform Grading Policy)

Grading Scale for Regular Courses	
Grade	Percentage
A	100-93
B	92-85
C	84-75
D	74-67
F	66-0

- List the specific LEA grading scale for advanced coursework such as Advanced Placement, International Baccalaureate, Dual Enrollment, Gifted and Talented, and/or Honors.

Beginning with students graduating in the 2016-2017 school year and thereafter, the calculation of the minimum cumulative grade point average shall utilize a five-point scale for grades earned in certain Advanced Placement courses, International Baccalaureate courses, gifted and talented courses, honors courses, articulated courses for college credit, and dual enrollment courses as approved by the Board of Regents and the State Board of Elementary and Secondary Education, which may result in a student earning a cumulative grade point average that exceeds 4.00. For such courses, five quality points shall be assigned to a letter grade of "A", four quality points shall be assigned to a letter grade of "B", three quality points shall be assigned to a letter grade of "C", two quality points shall be assigned to a letter grade of "D", and zero quality points shall be assigned to a letter grade of "F".

grade	Regular Courses		AP, IB, DE, GT, and Honors Courses	
A	4 quality points	(93 - 100)	5 quality points	(90 - 100)
B	3 quality points	(85 - 92)	4 quality points	(80 - 89)
C	2 quality points	(75 - 84)	3 quality points	(70 - 79)
D	1 quality point	(67 - 74)	2 quality point	(60 - 69)
F	0 quality points	(0 - 66)	0 quality points	(0 - 59)

XVI. Additional LEA Policies related to School Building Level Committee

► Describe the function of the SBLC as it relates to student promotion and retention.

The Building Level Committee will be composed of the following as appointed by the principal:

- a. principal (not to be the chairperson)
- b. coordinating teacher (standing member)
- c. regular teacher (may be standing)
- d. referring teacher
- e. K-2 regular ed. teacher
- g. personnel as needed (may be guidance counselor, master teacher, parent or school nurse)
- f. pupil appraisal personnel as needed (may be education diagnostician, psychologist, social worker, or speech therapist)

The functions of the Building Level Committee are as follows:

- a. Meet at least once a month to review referrals.
- b. Review cumulative folders and gather data pertinent to student referrals.
- c. Determine in appropriate interventions or adjustments have been selected and implemented.
- d. Keep documentation of meetings and student modifications required of teachers. Documentation will be submitted monthly to Pupil Appraisal Coordinator.
- e. Follow up to insure modifications are being made and that the student is being successful.
- f. Monitor the promotion and placement of students yearly as appropriate to determine that the parish policies are being implemented uniformly. The SBLC **may** promote students one grade level prior to October 1 of the current school year. The only exception to the October 1 date will be students transferring to Richland Parish from out of the district/state after October 1. On a transfer student, the decision to promote should be made within a six week period of the transfer. Exceptions to one grade level promotions will be 4th grade repeaters who meet the waiver conditions under high stakes testing.
- g. Meet to decide and document waiver of LEP students.
- h. Meet to decide on the placement of students taking the LEAP CONNECT test.
- i. Meet and review student work samples and attest to student ability to exhibit competency for an appeal to the High Stakes Testing Policy.
- j. Recommend students to be placed in the Multi-sensory Language Program (MSL) based on the dyslexia screening results.
- k. Make decisions and/or recommendations on promotions LEAP waivers, appeals, and overrides.
- l. Make decisions and/or recommendations related to the successful completion of summer school credit for all grades.

No school board member, school superintendent, assistant superintendent, principal, guidance counselor, other teacher, or other administrative staff members of the school or central office of the parish shall attempt, directly or indirectly, to influence, alter, or otherwise affect the grade received by a student from his/her teacher, unless it is determined that the grade is an error or that the grade is demonstrably inconsistent with the teacher's grading policy. The normal chain of command (teacher, principal, superintendent, and school board) must be followed.

Each school shall determine the student rank of each graduating class by dividing the total number of quality points earned by each student by the total number of high school credits pursued.

Students who choose to retake a course that has been successfully completed may do so; however, the following criteria will apply:

- The student's official transcript will reflect only the highest grade achieved for the course that has been taken again.
- First time and repeat grades for courses will be used in figuring the student's cumulative grade point average.

For determination of GPA and class rank, college level and non-required online classes will not be averaged in.

Describe the LEA's policy for awarding $\frac{1}{2}$ unit of credit.

Students are awarded $\frac{1}{2}$ credit for the successful completion of one semester of 1 credit classes.

The Richland Parish Early Graduation Program will consist of: distance education courses offered through dual enrollment courses offered through accredited colleges and Universities; and Carnegie credit courses in 8th grade for junior high school courses. Distance education courses completed for Carnegie credit must consist of the corresponding EOC test if applicable. The principal or principal's designee must approve coursework prior to completion. A course of study by semester must be created by the high school for each early graduation candidate.

Early College Admission: A student who has been recommended by his high school principal may be admitted to college after three years in high school provided the student has a B or better average in all courses taken and scores a minimum composite of 20 on the ACT or the appropriate concordant value on the enhanced ACT.

The goal of any educational program is to move individuals through a developmental sequence to higher levels of functioning. In the education of some students, the focus must be on response to environmental stimulation, language acquisition, self-help and social skills development, motor coordination, and functional academic skills development.

CLEP exams for High School/College Credit in Richland Parish

CLEP Exam*	High School Credit	ULM Credit	LDCC Credit
College Algebra	N/A	Math 1011	Math 110

Analyzing and Interpreting Literature	English IV	N/A	English 205 and 206

* Students must score a minimum of 50 to receive high school/college credit

** For class ranking purposes, course credit earned by CLEP testing will be recorded as an "A"

XVII. Additional LEA Policies related to Attendance

Richland Parish Schools Attendance Recovery Plan

Tier I

Attendance Policy

Based on a minimum 388-minute instructional day and the 2022-2023 academic calendar, a student can miss no more than **16 days** of school to be eligible for promotion. (Exempted and Excused Absences do NOT count against attendance requirements) Absences marked E or D in JCampus **DO NOT** count against attendance requirements.

Elementary/Middle School Attendance Recovery Policy

A student in grades K-8 accumulating more than **16** unexcused absences in a year-long course will be retained due to an attendance violation, pending a placement decision by School Committee (SBLC). A parent has **15** school days from the issuance of the report card to dispute and clear all attendance and grade issues.

Students may recover days absent by participating in the school's Seat Time Recovery (STR) Program. STR is recovered using a district approved Online learning program or face-to-face instruction settings with a certified teacher. Examples of on-line learning programs are IXL, I-Ready, and Edgenuity. Students may recover time by completing academic assignments before school, during lunch, after-school, weekends, and/or holidays.

Student passed the course but did not meet attendance requirements

After satisfying the requirements of the STR Program, students who previously earned a passing grade in the class will be promoted, those who do not satisfy the requirements of STR may be:

- Promoted — Placed by School Committee
- Promoted due to limited retention,
- Retained in current grade due to attendance violation. The placement decision to be made by School Committee (SBLC).

The following process must be followed:

- The STR teacher(s) will submit a STR Completion Form to the principal who will sign the form for final approval.
- The principal will forward the approved form to the Assistant Principal or Designee who will change the SBLC code in JCampus.
- All forms must be scanned into the student's record in JCampus. All STR minutes must be completed by January 27, 2023 for half-year courses and June 23, 2023 for full-year courses.
- SBLC notes kept on file.

Student failed the course and did not meet attendance requirements

After satisfying the requirements of the STR Program, students who earned a failing grade in the class may be allowed to use the assignments/quizzes completed during the STR Program to recalculate their grade. The assignments must be approved and graded by the teacher of record.

- The following process must be followed: If the student earns a passing grade after the recalculation, the teacher of record will complete and submit a grade change form to the principal and;
- The STR teacher(s) will submit a STR Program Completion Form to the principal who will approve or deny.
- All approved forms will be given to the Assistant Principal or Designee who will change the grade in JCampus.
- All forms must be scanned into the student's record in JCampus. All STR minutes must be completed by January 27, 2023 for half-year courses and June 23, 2023 for full-year courses.

High School Attendance Recovery Policy

A student in a high school course accumulating more than **8** unexcused absences in a Semester course or **16** unexcused absences in a year-long course will **NOT** receive credit for the course due to an attendance violation. A parent has **15** school days from the issuance of the report card to dispute and clear all attendance and grade issues.

Students may recover days absent by participating in the school's Seat Time Recovery (STR) Program. STR is recovered using a district approved online learning program. Grades 8-12 —Edgenuity, or face-to-face instruction settings with a certified teacher. Students may recover time by completing academic assignments before school, during lunch, afterschool, weekends, and/or holidays.

Students who passed the course but did not meet attendance requirements

After satisfying the requirements of the STR Program, students who earned a passing grade in the class will receive credit for the grade they earned. The following process must be followed:

- The STR Program teacher(s) will submit a STR Program Completion Form to the principal who will sign the form for final approval.
- The principal will forward the approved form to the Assistant Principal or Designee who will who will change the SBLC code in JCampus.
- All forms must be scanned into the student's record in JCampus. All STR minutes must be completed by January 27, 2023 for half-year courses and June 23, 2023 for full-year courses.

Students who do not pass the course and do not meet attendance requirements

After satisfying the requirements of the STR Program, students who earned a failing grade in the class may be allowed to use the assignments/quizzes completed during the STR Program to recalculate their grade. The assignments must be approved and graded by the teacher of record. The following process must be followed:

- If the student earns a passing grade after the recalculation, the teacher of record will complete and submit a grade change form to the principal and;
- The STR Program teacher(s) will submit a STR Program Completion Form to the principal who will approve or deny.
- All approved forms will be given to the Assistant Principal or Designee who will change the grade in JCampus.
- All forms must be scanned into the Students record on JCampus. All STR minutes must be completed by January 27, 2023 for half-year courses and June 23, 2023 for full-year courses.

School's Responsibilities

- Provide students and parents with attendance letters by the 3rd, 5th, and 10th day absent.
- Students should sign letters once received by the attendance clerk.
- Complete Attendance Intervention Plan
- Submit referrals to CWA, FINS, and/or Child Hearing Officers for attendance issues.
- Notify parents within three weeks of the semester end date if the student may be ineligible for credit and STR is required.

Recovery Guidelines

Students who complete the STR Program through an approved online learning program or face-to-face instruction, may recover minutes based on the following guidelines.

1 full day absent (388 minutes)	*120 minutes of online learning recovers 1 full day absent
1 full day absent (388 minutes)	180 face to face minutes recovers 1 full day absent
Reminder- Students must make-up missed assignments and complete STR to receive credit.	

(*20 Minutes of Online Learning recovers 1 class period or 30 Minutes Face to Face recovers 1 class period)

* The accumulation of productive online minutes will be tracked by the STR Program teacher(s) from the program's dashboard. All student work and minutes accumulated must be submitted by the Teacher(s) with the STR Program Completion Form. The accumulation of face-to-face minutes will be tracked using sign-in logs monitored by the certified teacher.

Parent/student Responsibilities

- Submit all attendance documents within five days of student's return to school
- Communicate with the principal, counselor, and/or teacher any extenuating circumstances that may impact the student's attendance.
- Report to the STR Program on time and ready to work.
- Complete STR assignments before school, after school, during lunch, on the weekends and during holidays. • Request frequent updates from the STR Program teacher(s) on accumulated minutes and completed assignments.
- Request updated report cards after the STR Program is completed.

Tier II Students will be given an additional 5 school days to complete STR assignments.

Tier III Students will be given an additional 10 school days to complete STR assignments.

XVIII. Additional LEA Policy related to Credit Recovery Courses & Units

1. Credit Recovery – Two Carnegie units may be earned as two whole credits or four, one-half credits.

XIX. Additional LEA Policy related to Academic Credit Policy

LHSAA Academic Credit Policy

At the January 2020 LHSAA Convention, the LDOE, LSBA, and Superintendent Association Executive Committee representatives proposed and supported a policy that passed 310-4 by the General Assembly to recognize Jump Start and Dual Enrollment credits. This approval removes the LHSAA hardship appeals process eligible student athletes met to gain eligibility.

LHSAA will meet all of the following requirements:

- Recognize multi-Carnegie credits for a single course title when a multi-credit course has a dedicated course code assigned by the Louisiana Department of Education.
- Dual enrollment courses posted on a student's high school transcript will be used in determining scholastic eligibility.
- Promotion into High School: Promotion from the 8th grade into the 9th grade for the first time shall fulfill the scholastic requirements.

XX. Additional LEA Policies Related to Retention

Retention Policy

Students are not to be retained more than one time in grades prior to grade 5.
Students are not to be retained more than two times prior to grade 8.
Students are not to be retained more than one time at any grade level.

XXI. Additional LEA Policies related to 8th Grade Algebra I Requirements

To be eligible to enroll in Algebra I class, students must have a Mastery or above on the 7th grade EOY assessment in order to qualify for taking Algebra I in the 8th grade.

Students in the 7th grade will be required to be graded on the standard grading scale and obtain a "A" or "B" to qualify for taking Algebra I in the 8th grade.

Students must meet both criteria to be eligible to take Algebra I in grade 8.

XXII. LEA assurances and submission information

Assurance is hereby made to the Louisiana Department of Education that this (insert name of LEA) Richland 2023-2024 Pupil Progression Plan has been developed in compliance with all applicable federal and state laws and regulations. If any local policy outlined in this plan conflicts with federal or state laws or regulations, I understand that federal and state laws and regulations shall supersede the local policy.

Date approved by local school board or governing authority: October 17, 2023

Sheldon Jones
Superintendent

Marie Lewis
Board President
